

Defenses Stiffened Along Borderline To North Viet Nam

Missile Battalion Put Into Operation by U. S. Marines

SAIGON, South Viet Nam (AP)—U.S. Marines put a battalion of Hawk anti-aircraft missiles in operation today at Da Nang air base and Vietnamese armed forces stiffened defenses along the North Viet Nam border. Qualified sources at Da Nang said F105 jet fighter-bombers carried out heavy raids in Laos Monday shortly after Vietnamese and American aircraft struck at North Viet Nam.

The sources said raids against North Viet Nam have halted, at least temporarily. The raids against Communist supply lines in Laos are expected to continue as they have for more than a month.

Raid Results

There were no immediate reports on results of the raids into Laos.

Heavy fighting continued in South Viet Nam today and a U.S. helicopter crew member was killed in action in Phuoc Tuy Province, not far from Binh Gia. Several other helicopter crewmen were wounded.

Binh Gia was the place where about 500 Vietnamese soldiers became casualties in the last week of 1964 in a huge Viet Cong operation.

Heavy fighting was reported elsewhere in this war-torn country, including one bloody battle under way near Pleiku, where two American installations were heavily hit Sunday by Viet Cong attacks which touched off the current Vietnamese crisis.

Dependants Leave
About 40 gloomy U.S. dependents left Saigon airport for home — the first of nearly 2,000 to be evacuated under White House orders while jubilant Vietnamese soldiers celebrated Monday's air raids on North Viet Nam.

About 100 yards away, a solemn funeral ceremony was held for nine Americans, eight of whom were killed in Sunday's Viet Cong attack on Pleiku. Each of the coffins, lined up in front of the transport plane which was returning the servicemen's bodies to the United States, was pinned with a Vietnamese and an American decoration. A wreath from the Vietnamese armed forces was placed at the head of each coffin.

Defense Officials To Study New Use of Truax

MADISON (AP) — The State Department of Resource Development has been informed that Defense Department officials will visit Madison Feb. 16-17 to consider possible new uses for the Truax Air Force Base.

The Washington delegation, headed by Donald Bradford, director of the Office of Economic Adjustments in the Defense Department, will meet with Gov. Warren Knowles and Madison officials.

The Defense Department announced last November that the Air Force will deactivate Truax in the next two or three years.

The Resource Development Department has proposed conversion of Truax into a federally financed training center in vocational skills. Other agencies have suggested use of the base as a site for University of Wisconsin expansion or for industrial development.

Report Plane Fired On Japanese Ship

TOKYO (AP) — An unidentified plane fired on a small Japanese freighter in the Bashi Channel between Formosa and the Philippines on the night of Jan. 31, the Tokyo paper Yomiuri reported today.

None of the 26 crewmen aboard the 1,232-ton Senyo Maru was injured, the paper said. The incident came to light when a seamen's association asked for an investigation.

Freezing Rain Brings Warning To Drivers

Hazardous Travel Predicted for State, Fox Valley Highways

Hazardous driving warnings brought on by freezing rain tonight are broadcast for the Fox Cities and the rest of the state.

A Monday high of 28 degrees and a low of 17 degrees was enough to decrease the amount of snow on the ground from 5 inches to one-half inch. Temperature at 10 a.m. today was 28 degrees and skies were heavily overcast.

The latest blast of unpleasant winter weather came on the heels of Monday's sunny conditions when temperatures ranged from 29 at Beloit and Lone Rock to 17 at Park Falls and Superior.

Superior Low

During the night, the mercury reached a low of eight below zero at Superior. Wausau reported 12, Burlington and Eau Claire 13, Park Falls 14, Madison 15, Lone Rock and Green Bay 16, Racine 19, Beloit 25 and Milwaukee 26.

Snowfall this morning covered the western third of the state. Freezing drizzle was falling in the extreme southwestern corner.

Pellston, Mich., set the nation's low of four below zero early today, compared with the high of 85 Monday at Clewiston and Fort Myers, Fla.

Rain drenched central Texas today as thunderstorms rolled from Texas to Tennessee.

The Weather Bureau said the thunderstorms were spawned by a storm that developed after a

Floods, Winds Hit Fiji Island Area

SUVA, Fiji (AP) — Fiji is grappling with widespread floods after a hurricane which devastated villages and flattened copra and banana plantations.

The floods followed torrential rain. In one area near Suva, the rain measured 31 inches in 24 hours.

An unknown number of persons have been swept away in the raging torrent of the River Rewa, largest river in Fiji.

Chinese Make Run on Banks In Hong Kong

HONG KONG (AP) — Panicked Chinese made runs on five Hong Kong Chinese banks today and the colonial government ordered huge shipments of sterling notes flown from London to meet the emergency.

The government clamped a 100 Hong Kong dollars — \$17.50 U.S. — limit on all withdrawals until the shipments arrive.

Colonial Financial Secretary J.J. Cowperthwaite told a news conference the runs were started by rumors and a temporary physical shortage of bank notes.

"But the government," he said, "is satisfied that the five banks under pressure are actually in sound financial condition."

Banking circles said rumors that the banks were in shaky condition spread quickly through the Chinese community.

"And then," said one banker whose own bank is under no pressure, "when the banks did not have enough currency on hand to immediately pay stamping depositors, this added pressure and increased the run."

He said the banks had tied up large amounts of loans to building and manufacturing industries.

Man Seen Fleeing Blood-Spattered Room

Police Suspect Murder, but Find No Body

SAN ANTONIO, Tex. (AP) — Police said today that almost certainly someone died in that downtown hotel room. But they could find no body.

A maid, Maria Guerra, said she opened the door to a sixth floor hotel room early today and found it splattered with blood. She said a man in

his mid 20s was tying up a blood-smeared bundle.

The maid screamed and ran out. The young man fled.

Dr. Ruben Santos, medical examiner, confirmed that the blood came from a human.

"Whoever lost that much blood didn't walk out," Santos said. Blood coated the bath tub in the room. The carpet

was blood-stained. Officers found one .22 caliber cartridge and a .22-caliber slug in the wall.

Santos theorized that the body, if there was one, might have been hacked up.

Police searched the hotel without success, and issued an alert seeking an out-of-state man who was registered in the room.

U. S. Charged With Aggression

Red China Hurls 1st Threat Of Retaliation in Viet Nam

TOKYO (AP) — Communist China today became the first of staged mass rallies in Peking would force the Soviet Union Hanoi's allies to hurl the threat for the second day to protest the and its allies "to take further measures to safeguard the security of Vietnam."

The Soviet Union urged the United States to stop the at-fense capability" of North Viet Nam.

It came in an editorial in the Peking Peoples' Daily which said the air attacks "have to be repaid."

"We warn U.S. imperialism... we are waiting for you in battle array. If you insist on imposing the war on us, heavy reburbs are in store for you," the paper said.

Debts Are Debts
"Debts are debts and they must be repaid. When debts accumulate, they will have to be repaid at compound interest rates," the editorial said. It was broadcast by the New China News Agency.

Earlier, a Peking government statement said "aggression by the United States" against North Viet Nam means "aggression against China."

"China and Viet Nam are closely related like the lips and the teeth," the statement said. It was broadcast by Radio Peking.

Mass Rallies
The New China News Agency reported that "hundreds of thousands" of demonstrators,

Air Force Maj. L. Gordon Cooper, left, and Navy Lt. Cmdr. Charles Conrad Jr., second from left, have been named to fly the seven-day Gemini space flight, probably this fall. The backup crew will be two civilians,

Elliott M. See Jr., second from right, and Neil A. Armstrong, right. Cooper was a member of the original seven-man Mercury astronaut crew. The others were in a trainee group named in 1962. (AP Wirephoto)

Ships Searching Plane Crash Area For Bodies

84 Persons Were Aboard Flight From New York as It Plunged Into Atlantic

NEW YORK (AP)—A flotilla of ships criss-crossed the calm and sun-brightened sea off Jones Beach today in a search for bodies and debris from the crash of an airliner. Eighty-four persons were aboard the Eastern Air Lines DC7B, a four-engine propeller plane, when it dived into the Atlantic minutes after taking off from Kennedy Airport.

No one survived the crash of the 52-ton airliner. A geyser of flames signaled the tragedy to watchers on shore some eight miles away.

Mute Testimony

By daybreak, searchers had recovered seven bodies. Mutilated parts of other bodies and fragments of wreckage gave mute testimony to the force of the impact.

Thirteen Coast Guard vessels searched a 200-square-mile area off Long Island's South Shore. Three seaplanes and three helicopters flew patterns over the scene.

Along 40 miles of beach, shore patrols collected debris that washed ashore.

There was no immediate hint of what caused the tragedy.

Weather Good

The weather was good, there was no hint of sabotage, and everything had seemed normal as the plane soared off Monday night from Kennedy International Airport, a federal official said.

There was no radio word of distress from the crew. It and Luxembourg, were represented.

The four-engine, propeller-driven plane went down about five minutes after its 6:20 p.m. takeoff, dropping 3,700 feet into the dark calm sea. It was 14 miles from the airport, and about eight miles off Jones Beach, a deserted summer

playground on Long Island's south shore.

The crews of two other airliners saw the crash.

William Lamb of the Civil Aeronautics Board said an Air Canada crew reported "an explosion in the ocean," and a Pan American flight saw the plane.

Polaris Called Best Deterrent To World War

LONDON (AP) — A British admiral said today that nuclear submarines carrying Polaris missiles are the best deterrent in the world at this moment.

Adm. Sir Charles Madden made the statement to reporters before opening a conference of 150 delegates from 12 North Atlantic Treaty Organization nations assembled here for a three-day antissubmarine warfare discussion. All NATO countries, except Iceland, Turkey and Luxembourg, were represented.

The submarine threat to NATO sea communications is often obscured by the more dramatic nuclear aspects of modern warfare. However, since World War II, submarine performance has increased in range, accuracy and the destructive capability of their weapons is greater than ever, Madden said.

Thus, he said, threw down an enormous challenge to NATO's antissubmarine warfare forces.

Previously Withheld Comment

Fulbright Voices Support for U. S. Retaliation for N. Viet Nam Attacks

WASHINGTON (AP) — Sen. J.W. Fulbright, D-Ark., voiced his support today for the administration's policy of retaliation for North Vietnamese attacks on U.S. centers in South Viet Nam.

Fulbright, chairman of the Senate Foreign Relations Committee, previously had withheld comment on the weekend developments in Viet Nam.

"It's a very critical situation," Fulbright told reporters when asked for comment.

To a question whether he thought the administration did the right thing in retaliating, Fulbright confined his reply to a "Yes."

Other Questions
In response to other questions, he said he was filled in by the administration Saturday night on the attack on the U.S. compound, but was not invited to the White House Saturday night or Sunday for the briefing of congressional leaders, nor for Monday's briefing by McGeorge Bundy, President Johnson's emissary to Saigon.

On that, Fulbright said he was "neither disgruntled nor grumbled."

There have been differences between Fulbright and the administration over his opposition to sending the \$3.38-billion foreign aid bill to Congress in a single omnibus package, instead of in several measures.

Fulbright showed his displeasure by refusing to manage

the measure in the Senate. That task has been accepted by Sen. John Sparkman, D-Ala., second ranking member of the committee for North Vietnamese attacks on U.S. centers in South Viet Nam.

Democratic Senate and House leaders had their regular weekly conference with President Johnson at the White House this morning, but Sen. Mike Mansfield of Montana, the Senate party leader, said Johnson gave them no new information on the Viet Nam situation.

Mansfield said the President

Malcolm X Turned Away From France

LONDON (AP) — Malcolm X, the former Black Muslim leader in the United States, returned to London today from Paris, where French security officials refused to allow him to enter.

He was to have addressed a rally tonight, sponsored by American Negroes and whites in Paris.

He said he was given no reason why he was barred from France.

As the security men put him on a London-bound plane, he said, he offered a penny to a French security official and said:

"Give that to President Charles de Gaulle because the French government is worth less than an English penny."

The Frenchman refused to take the coin and Malcolm X said he flung it to the ground.

"I was shocked. I thought I was in South Africa. They let Congolese Premier Moise Tshombe in. He's the worst person on earth and he's de Gaulle's friend," Malcolm X said.

Nelson Proposes Army Pay Hike

WASHINGTON (AP) — Sen. Gaylord Nelson, D-Wis., has proposed a \$605 million pay increase for 888,000 men in their first two years of military service.

Nelson said Monday the increase would correct a long-standing injustice which has permitted only token pay increases for new enlisted servicemen, while providing substantial raises for all other ranks since World War II.

merely recounted the steps he had taken previously to keep the leaders informed.

Otherwise, Mansfield said, discussion dealt with legislation pending before Congress.

A Senate Foreign Relations subcommittee arranged for an afternoon briefing behind closed doors from William P. Bundy, assistant secretary of state for Far Eastern Affairs.

Viet Nam Conditions
Bundy apparently was in a position to relay to members some of the information his brother, presidential assistant McGeorge Bundy, reported to the President and the National Security Council Monday about conditions as he found them in South Viet Nam.

Policy briefings were promised for 50 members of Congress invited with their wives to the White House tonight for the first of a series of receptions for senators and representatives.

Johnson planned to speak to the group. Other speakers include Secretary of Defense Robert S. McNamara, Undersecretary of State George W. Ball and Budget Director Kermit Gordon.

Senate Republican Leader Everett M. Dirksen of Illinois scheduled an afternoon report to the GOP Policy Committee. He was expected to outline his understanding that a strike-for-strike policy of retaliation has been adopted by the administration to counter further major Viet Cong attacks.

Hazardous Driving Warnings Posted

Fox Cities — Hazardous driving warning. Cloudy and warmer with freezing rain this evening turning to rain tonight with temperatures holding steady in the low or middle 30's.

Wednesday, cloudy with occasional light snow and turning colder; temperatures holding steady in the low 30's or falling slowly. Moderate northeasterly winds becoming northerly Wednesday.

Appleton — Observations at 10 a.m. today. Temperatures for the 24 hours: High, 28, low, 17. Wind: 8 miles an hour out of the southeast. Barometer: 30.18 and falling. Relative humidity: 78. Dew point: 25. Temperature: 28. Skies are cloudy.

Sun sets at 5:13 p.m., rises Wednesday at 7:01 a.m.

Freezing Rain Brings Warning To Drivers

CONTINUED FROM PAGE 1

clash of warm and cold air along the Texas coast. Rainfall of one to two inches was common in Texas.

In Fort Worth 1.13 inches of rain fell in six hours to bring the city's 20-hour total to nearly four inches.

Rain, Drizzle

Rain and drizzle moved into the Central Plains and the middle Mississippi Valley and freezing drizzle prevailed in most sections from eastern Kansas to west central Illinois. Hazardous driving warnings were up for sections from eastern Kansas to southern Michigan.

Snow mixed with sleet fell over the upper Mississippi Valley.

Fog and drizzle shrouded the Southeast where air traffic was at a virtual standstill.

In the West snow fell through the northern Rockies and over the Great Basin.

Salt Lake City measures two inches of new snow in six hours and locally heavy snows fell from southern Wyoming to northern Arizona.

The Weather Bureau said cold air would plunge into Minnesota and Iowa tonight and Wednesday.

Pellston, Mich., had an overnight low of 4 below zero and Hibbing, Minn., recorded zero.

Many communities kept a wary eye on rising rivers and streams.

Golden Globe Event Follows Oscar Pattern

Andy Williams Sings, Emcees At Dull Affair

BY CYNTHIA LOWRY

NEW YORK (AP) — Andy Williams and NBC played host Monday night to Hollywood's Foreign Press Association for their Golden Globes awards and a very dressy dull affair it was.

The presentations were made before a star-studded audience at the Cocoanut Grove and followed shrewdly the slow-moving form of the film capital's annual Oscar awards bash, complete with the envelope-opening and the long-gratified "I want to thank" speeches.

Actresses present were beautifully and formally attired but the sartorial shocker of the evening was actress Carroll Baker who, accepting for a missing winner, dashed up on the stage in something that looked like sequin-covered pajamas. That even upset the imperturbable Andy.

He did not seem very happy either as he sang the five movie-theme songs nominated for awards. Not one sounded familiar or even very tuneful. Mixed in with the movie awards were three curious ones for television. The Rogues was declared the best series and Gene Barry and Mary Tyler Moore were proclaimed the best personalities, whatever that means.

Anyway, it gave Andy a rather easy evening and the sponsoring organization a bit of publicity.

House Gives Up U.A.R. Aid Fight

WASHINGTON (AP) — The House has abandoned its insistence that the government end sales of surplus food to the United Arab Republic.

Last week the House supported 204 to 177 a Republican move to ban an estimated \$37 million in food shipments under an agreement that ends June 30. The Senate, responding to pleas from the administration, voted to leave up to President Johnson whether to carry out the sales.

Monday the House voted 241 to 185 against a Republican effort to instruct House representatives on a joint conference committee to insist on the ban. This means the Senate view will prevail and the restriction will be eliminated in the final legislation.

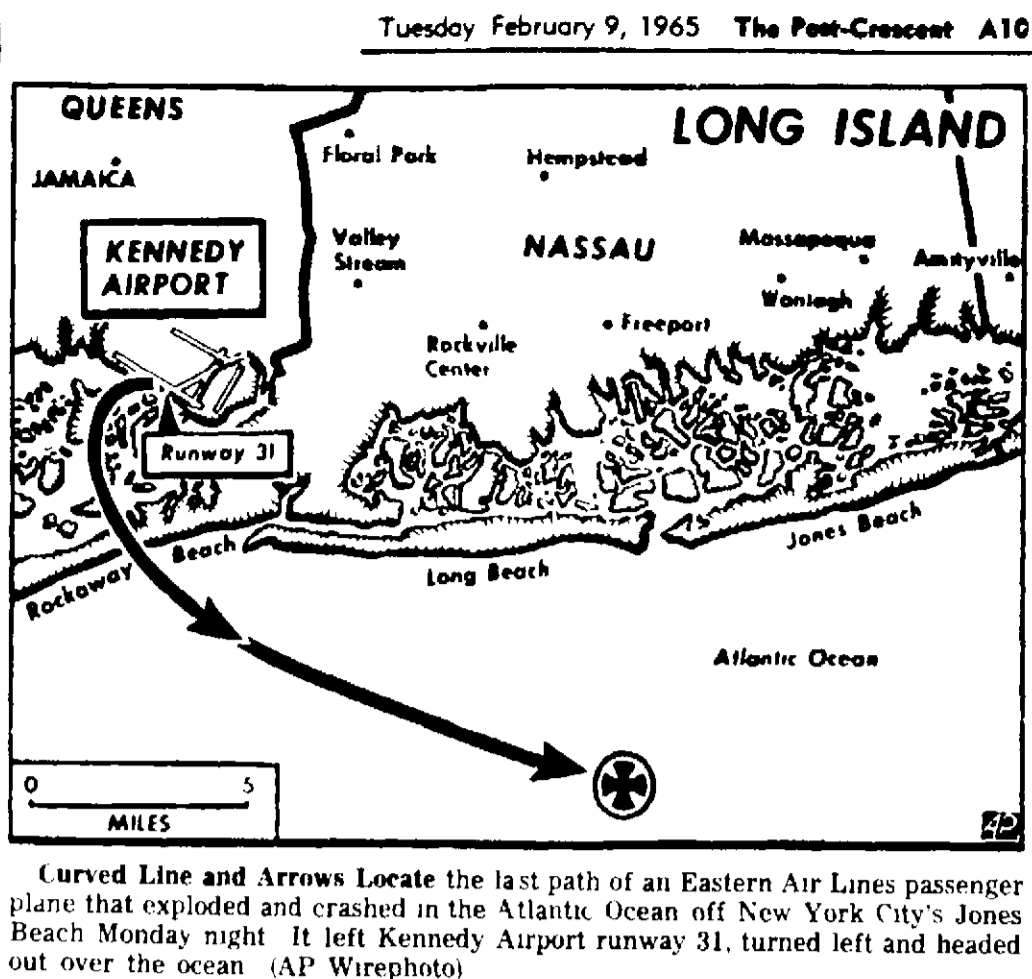

State Commission to Study Elderly, Poverty

MADISON, AP — The State Commission on Aging announced Monday it is beginning a study to determine the causes of poverty among the elderly in Wisconsin.

The study, which also will develop programs to meet the problem and assist communities in establishing programs, is being financed by a \$2,000 grant from the Federal Economic Opportunities Act.

Sentence Mishicot Banker for Embezzling

MILWAUKEE (AP) — Frank G. Hines, 63, manager of the Mishicot branch of the Bank of Two Rivers for 32 years, was convicted today of embezzling

Rescue Ships Combing Area of Plane Crash

CONTINUED FROM PAGE 1

in an exceptionally steep turn.

A Coast Guard lookout on shore seaman Dale D. Bishop, 19, of Easton, Pa., heard a sound like a firecracker and saw a fire at sea.

"The flames were orange but I was not definite that it was a plane — yet it must have been. The flames flared up for a while and then died down," he said.

By early morning, search boats had recovered parts of several bodies.

Plane Seat

A fishing boat reported it had found a plane seat with a body strapped in it, but the body had slipped back into the water as it was being hoisted aboard.

The searchers also fished out scraps of burned and torn parts of the plane, charred bits of clothing and airline brochures, found floating on water 60 to 75 feet deep.

They found no survivors.

"You keep looking," said Coast Guard Capt. Ira McMillan of Memphis, Tenn. "When you don't see people alive it's a feeling of futility."

The 79 passengers included two young opera singers en route to a South Carolina concert, a woman bound for a funeral prominent Southern businessman, a former Virginia college beauty queen, soldiers heading home on furlough from Germany and others returning to camp in Georgia.

The plane had started in Boston, but all but one of its passengers had boarded in New York.

Search By Flares

Through the night under the eerie light of flares dropped by planes and helicopters, the searchers continued the search. Searchers could see the lights of the shore and the glow of Manhattan about 40 miles away.

Chris Walk of the Federal Aviation Agency said the last radio call from the plane was an acknowledgment of a routine instruction from the Kennedy tower to change direction. The plane had reported it was climbing through 3,700 feet, heading southeast.

The pilot was Capt. Frederick Robert Carson, 41, of Huntington, N.Y., a veteran of 19 years with the airline. Both he and first officer Edward Robert Dunn, also 41, of Clinton, Conn., were pilots during World War II. Carson in the Army Air Force and Dunn in the Navy.

A Civil Aeronautics Board said the investigation to establish the probable cause of the accident may take a long time.

Allouez Board Asks Vote on Annexation

GREEN BAY (AP) — The Allouez Town Board voted Monday night to hold an advisory referendum in the March 9 primary on whether the community of approximately 10,000 persons should be consolidated with the city of Green Bay.

The board said that it had taken an informal post card poll recently and found that residents favored consolidation 726-520.

The referendum wording has not been determined but it will ask voters to say whether they want the town board to start consolidation discussions with the Green Bay Common Council.

If the town and Green Bay officials agreed to consolidation, voters in both communities would have to approve it.

Green Bay now has an estimated 81,000 population. The town of Allouez is a suburb on the city's south east side.

Today in History

BY THE ASSOCIATED PRESS

Today is Tuesday, Feb. 9, the 40th day of 1965. There are 325 days left in the year.

Today's highlight in history:

On this date in 1799, the American Navy's new ship, the frigate Constellation, defeated France's L'Insurgente off the Caribbean island of Nevis.

On this date:

In 1718, French colonists arrived in Louisiana.

In 1861, Jefferson Davis was elected president of the Confederacy.

In 1874, the American poet Amy Lowell was born.

In 1942, the transatlantic liner Normandie burned and capsized at its North River pier in New York City.

In 1945, American troops started cleaning out the Japanese in the old walled city section of Manila.

Ten years ago — The International Court of Justice chose U.S. Judge Green Hackworth as its president.

Five years ago — President Dwight D. Eisenhower told Congress he favored programs that would ultimately free the farmer from government restraints.

One year ago — Two American servicemen were killed and more than 20 injured by a bomb explosion in the Saigon stadium.

Defenses Are Stiffened At Viet Nam Borders

CONTINUED FROM PAGE 1

armed with heat-seeking missiles are in alert position ready to scramble in case of any attack by North Vietnamese or Communist Chinese aircraft.

Vietnamese military patrols roamed the outer perimeter of the base on guard against attacks by Viet Cong units or mortars. Such attacks on Bien Hoa air base last November and Pleiku Sunday took a high toll in American personnel and aircraft.

Full Alert

Along the frontier and throughout the 1st Army Corps region, Vietnamese armed forces were on full alert.

It seems too much to expect that the Viet Cong and North Viet Nam will let the aerial attacks Sunday and Monday go without some sort of retaliation," a U.S. military adviser said.

A senior American adviser said Vietnamese troops in the frontier area were in fighting trim with high morale. He said reports that 228 Viet Cong were killed in a major battle Sunday south of Da Nang. The battle also claimed a heavy toll of Vietnamese lives and weapons.

Supersonic F102 jet fighters

corated with one of Viet Nam's highest medals.

Ky who flew from Da Nang to Saigon with the other 23 pilots climbed out of his Skyraider munching a ham sandwich.

Before landing, the airmen performed aerobatics above the airport.

Back in Da Nang, a key airfield 80 miles from the North Viet Nam border, units of the U.S. Marine Corps Hawk Anti-aircraft Missile Battalion flown in from Okinawa were declared operational at 1:40 a.m. today.

36 Missiles

The 36 target-seeking missiles were in place on their wheeled launching carriages manned by 95 Marine officers and enlisted men.

An Army spokesman said the base had until now lacked equipment to down low flying aircraft before they could get in close to the base. Another two Hawk units were on their way by sea according to Marine Capt. Leon E. Obenhaus, 30, of Victoria, Tex., commander of the Hawk Battalion's 'A' Battery.

Salt Lake City measures two inches of new snow in six hours and locally heavy snows fell from southern Wyoming to northern Arizona.

The Weather Bureau said cold air would plunge into Minnesota and Iowa tonight and Wednesday.

Pellston, Mich., had an overnight low of 4 below zero and Hibbing, Minn., recorded zero.

Many communities kept a wary eye on rising rivers and streams.

Basic Question On Viet Nam Gets Cloudier

Becoming Less
Clear Whose War
Is Being Fought

BY JAMES MARLOW

WASHINGTON (AP) — The basic question behind all the American effort to prevent a Communist take-over in South Viet Nam gets cloudier by the day.

How much interest do the Vietnamese people themselves have any more in continuing the war against their own countrymen the Red guerrillas called the Viet Cong? They've been in this struggle for 20 years.

Those years add up to an unhappy spectacle.

First, the United States backed the French against the Reds when the French were weakening. But the French were colonialists, showed no real signs of preparing the Vietnamese for independence and lacked the people's support.

French Left

The French smashed had to leave. Then the United States, with men and money backed Ngo Dinh Diem, South Viet Nam's anti-Communist president who was in effect a dictator. He was finally ousted and assassinated.

Since his death in 1963 one South Vietnamese government after another has been overthrown in the leaders' power struggle. Americans wanted a Democratic government in a country inexperienced in democracy.

But in creeping chaos the military strongmen threw out the civilians and one another.

23,000 "Advisers"

The United States has pumped billions of dollars into the anti-Red war, and in Viet Nam it has more than 23,000 military advisers, although advisers is hardly the right word since Americans have been killed in action. The score so far is more than 360 Americans killed, over 1,650 wounded.

Deeply disturbing is this: when the Viet Cong caused the greatest damage and loss to Americans — as in hitting American airbases with mortar fire last Nov. 1 and over last weekend — they had to go through a countryside populated by South Vietnamese who sound ed to alarm them, through South Vietnamese guards who were supposed to be protecting the bases.

Second Question

That raises a second question: How long will the United States go on fighting to protect people who let this happen?

After the Nov. 1 attack Malcolm Browne, Associated Press reporter in Saigon, wrote:

Most of the Viet Cong (guerrillas) are recruited locally (that is, from among the South Vietnamese whom the United States is trying to defend) and most of their arms are captured American weapons.

In late November the American ambassador to South Viet Nam, Gen. Maxwell D. Taylor, returned here to talk with President Johnson, declared the Viet Nam outcome very much in doubt.

He said he thought attacks on targets in Red-held territory (North Viet Nam is Red-held) would make the North Vietnamese Communists and Red Chinese realize their fight was not worth the cost.

Reappraising Strategy

And the AP reported Taylor and Secretary of State Dean Rusk were reappraising U.S. strategy in Viet Nam. The AP said at the time: "The study may lead to a decision by President Johnson to broaden the war."

And that's just what happened over the weekend after the second American base was attacked. So apparently it wasn't a sudden decision but a long thought-out one when Johnson ordered U.S. carrier planes to bomb North Viet Nam.

Now neither Johnson nor anyone else in this country knows whether these raids will bring retaliation by the Soviet Union or Red China and truly broaden the war, perhaps beyond anyone's imaginings.

But even if American raids break the Communist spirit in the north, this country still doesn't know whether the American-backed South Vietnamese will ever get together and set up orderly government or explode into civil war and total chaos.

Chuck Bayer Raps 675 Set; Schroeder Powers 275 Game

Bob Helms Blasts 673 in Tri-City Kegling Circuit

Chuck Bayer pounded a 675 series in the Builder's League, and Ed Schroeder slammed a 275 singleton in the Tri-City League to share Appleton honors Monday night.

Bayer fired games of 245 and 227 on his way to the high set at Hahn's Lanes. Bud Jentz posted the high game in the league with a 256 count and finished with a 628 series.

Schroeder smashed seven strikes in a row in his high game, then picked up six pins and blew the spare. He followed with three more strikes and added nine pins on his last ball.

High series in the Tri-City League at the 41 Bowl was a 673 by Bob Helms and Schroeder. Helms was runnerup with his 634 Helms had a 268 singleton.

Whitman Hits 438
Ken Fehrman smacked a 247 line and Bob Whitman had a 638 series to share honors in the 41 Bowl League last night. Whitman's series included a 245 game.

Pete Krueger and Doug Bahr divided honors in the Appleton Lutheran League at Hahn's Monday night as the former hit a 244 game and the latter posted a 598 series.

Paul Leetch set the pace in the Craftsman's League at the 41 Bowl last night with a 236 singleton and a 572 series. John DeYoung smacked a 585 series to lead the way in the Knights of Columbus American League at the 41 Bowl. Top series in the Knights of Columbus National circuit was a 562 by Bob Pikel.

Argonauts Get Rights to Deal With McHan

TORONTO (AP) — The Toronto Argonauts announced Monday that they have obtained the Canadian rights to veteran quarterback Lamar McHan in a four-player deal with the Calgary Stampeders of the Western Football Conference.

The Eastern Conference club went defensive halfback Jeff Atcheson and Don Paquette to the Stampeders for Bill Crawford, a 27-year-old guard who was the first Canadian to play in the National Football League, and the right to negotiate with McHan.

Lamar, a 10-year NFL veteran, was first draft choice of the Chicago Cardinals in 1954. The 31-year-old Arkansas graduate spent five years with the Cards and two years each with Baltimore Colts and Green Bay Packers before going to San Francisco 49ers in 1964.

He played out his option with the 49ers and became a free agent.

Domed Stadium OK'd After Practice Session

Houston's Answer To Rainouts Draws Praise From Players

HOUSTON (AP) — The curve curves, the knuckler dances and the ball carries off the bat just as normally as it would outdoors.

That was the verdict of the baseball players who held a practice session in Houston's new \$31.6 million multi-purpose Harris County Domed Stadium Monday.

It was the historic first test of most of the mechanics of baseball on a regulation field indoors.

It was warm, cloudy, misty and damp outdoors. Even so the ball was visible under the dome and the daylight seemed slightly better, if anything, than it was outside.

Then the lights went up, and the arena bloomed in all of its color and brightness and size.

Even Houston Astro General Manager Paul Richards was somewhat amazed.

"Baseball will be exhibited Heinsahn on a similar play. Heinsahn punched the Laker rookie and was tossed out of the game.

Going into their contest with Los Angeles, the 76ers had won nine of their last 11 starts since Chamberlain join the team. But fighting after Hazzard fouled the 76er player, who was driving in for a layup. The fight was broken up, however, and both players were ejected by referee Richie Powers.

Sunday afternoon, before a national television audience, Hazzard was involved in a scuffle with Boston's Tom Jackson with 18 each.

better in this stadium than it ever has been," Richards said. "The players are going to be able to do a better job and the fans will see it better. With the elements ruled out, the game will be played as it was intended to be played, under perfect conditions.

Follow Ball Closely "I don't feel the outfielders will have any serious problems after a thorough test and a chance to become familiar with the par. In the dull light this afternoon, it appeared that the outfielders will have to follow the ball closely."

"We know," Richards continued, "that the curve ball will break, the knuckler will dance and that the field is perfect."

"Playing in this stadium will be just like playing in any other park on a calm clear day," said outfielder Al Spangler.

From the hitter's standpoint, Bob Aspromonte of the Astros testified:

"No big difference from outdoors, no problems. You're going to have to hit the ball to get it out of there. The ball isn't going to jump, and it isn't going to be dead."

Said Astro Manager Luman Harris: "It won't be different from playing outdoors."

"The only difference is that there won't be any wind," said pitcher Don Nottebart.

Rusty Staub became the first player to hit home runs in the park with its 340-foot foul lines and a 406-foot depth to center field.

But none of the batters came close to hitting the permanent dome that towers 207 feet, 10 inches above second base—a ceiling tall enough to shield an 18-story building.

Pond's Retains Lead In 'Y' Volleyball Loop

Pond Sport Shop, despite losing two of three to Lakeview (8-4), retained the lead in the YMCA Fellowship Volleyball League, with a 10-2 record for second round competition.

Runnerup Appleton Trophy (9-3) swept three games from Appleton Coated (1-11). Marathon Paper took three games from Riverside Paper. Both teams are 4-8.

Utah State Cager Killed

CONTINUED FROM PAGE 1

the three students when Estes found the accident. Drakulich said attendants from a second ambulance attempted for a half-hour to revive the basketball star. He was pronounced dead at the scene.

Estes, who wanted to play professionally, has said he received encouragement from several pro basketball clubs. He said the Los Angeles Lakers were "very interested."

Anderson has called the 225-pound Estes the "greatest scorer I've ever coached, and the finest basketball player to get along with."

Estes' highest one-game score was 52 points against Boston College during the Rainbow Classic earlier this season in Hawaii.

Said Boston College Coach Bob Cousy after the game: "Wayne Estes is the best man I've seen in college basketball this year. He's an excellent rebounder and scorer. He has very strong hands. I particularly like his desire."

Freethrow Record
Estes had set an Aggie record of 42 straight free throws from the foul line.

"I shot at least 25 free throws very day last summer," he explained. "I scored 155 straight at one time."

Estes was the nation's second leading major college scorer

Fond du Lac	8 4
Manitowoc	7 4
Sheb. South	6 5
Oshkosh	5 6
GB West	4 8
GB East	1 10
GB Southwest	0 11

Appleton High School's first-place junior varsity cagers will be shooting for its 12th straight win of the season at 6:30 p.m. today against the Green Bay West JV team.

The John Graff-coached Junior Terrors rolled to a 46-34 win over Sheboygan South in its last outing. Mike McCullom led the way with 17 points. West's Wildcats dropped a 53-46 verdict to Manitowoc in its last game.

The Junior Terrors are 13-1 overall for the season. The lone loss, 50-48, came early in the season against Kimberly.

This season behind Rick Barry of Miami, Fla. A forward, Estes was averaging 32.7 points through games of Jan. 30. He finished 10th in scoring last season with a 28.3 mark.

Before coming to Utah State, Estes also was a star football and track performer in high school in Anaconda, Mont., his home town.

Barry Kramer Bitter About Being Waived

SAN FRANCISCO (AP) — Barry Kramer, placed on waivers by the San Francisco Warriors, displayed bitterness about being let go by the National Basketball Association team that drafted him No. 1.

"I really don't think I got a fair shot," said the 1963 All-America from NYU who now belongs to the NBA team that comes up with the \$1,000 waiver price.

"I got off on the wrong foot with Warriors' Coach Alex Hannum," said Kramer. "He admitted he drafted me without ever seeing me play, on the recommendation of others."

"I know he's been a fair man with other players, but it seemed he had formulated an opinion about me before I started."

"I had a bad ankle all last year and I stayed off it during the summer. I wasn't in shape when I reported, and since I'd always played forward, I wasn't a fluid back court man."

"But it seemed to me that I was in the doghouse from the start. The most I ever played was 16 minutes, although I got into condition and played as hard as I could in practice."

"I'm sorry to leave the Warriors," Kramer said. "I hope I'm picked up by another club, as they say I will be."

Cassius Given OK to Resume Fight Training

Clay to Defend Against Liston In May or June

BY BOB HOOBING
BOSTON (AP) — Will Cassius make hay with Sonny in May? Or will Clay as soon meet Liston in June?

That's the extent of the rhyme
There was none but a perfunctory reason for a news conference Monday announcing the medical go-ahead for the heavyweight champion to resume training for his delayed title defense.

The scheduled Nov. 16, 1964, fight, postponed when Clay underwent emergency Friday-the-13th surgery for a hernia, likely will be at Boston Garden on a Monday night between May 10 and June 7.

In order to underscore his comeback from the scalpel, the champion shadow-boxed four rounds in street clothes with heavyweight Tom McNeely at a local gym Monday after he was pronounced fit.

While the Intercontinental Promotions, Inc., folks turned various shades of fright, Cassius also punched the heavy and light bags bare-handed.

Acquitted Liston
After expressing relief that a Denver jury recently acquitted Sonny Liston of a drunken driving charge, Clay started his ticket-selling war by commenting:

"For a man who never gets knocked down Liston sure gets picked up a lot, doesn't he?"

Dr. William McDermott, the surgeon in charge of Clay's case, termed the champ's condition "excellent" and said "at this point he may resume all activities including heavy exercise and strenuous training."

Harold Conrad of Intercontinental said the target date for the fight is May 10. Clay wondered if it might not take as many as four months to get ready, recalling he has promised a special exhibition for a Negro businessman's cause in Chicago Feb. 27.

"I've got a real opponent coming after the Bear — the Hare," said Clay who refers to Liston as the Bear and calls Patterson the Rabbit.

"I'm not underestimating Liston," said Clay. "I'm not just going to beat Liston. I'm going to get really ready."

"But I'm looking for the next opponent. After Liston, Patterson's about the only one left."

"But it'll be next year. No sense fighting a \$10 million fight with Patterson and getting nothing for it."

Increases Pool Lead
Val-E-View has hiked its lead in the Valley Pool League to five games with 27 victories in mark.

Xavier Freshmen Tounce Pacelli Quint, 39 to 9

Xavier High School's freshman basketball team trounced Stevens Point Pacelli, 39-9, Monday for its 12th victory in 13 starts.
Pat Fitzgerald, of Xavier, led the scoring with nine points. The frosh Hawks will play their final home game at 4:15 p.m. next Monday against Shawano.

Minding Your Business

By Cyrus Barnett, Jr.

DEAR CY:
Your mention of the Small Business Administration's "Self-Analysis for Prospective Business Owner" give me a big idea. How about a company co-sponsoring workshops with the SBA? We could present our services, and those attending could handle our line if they want.—MCGRAW.

DEAR MCGRAW:
information on it? —NANCY C.
DEAR NANCY:
Tell you lunch bunch, monthly payments are not installments, but actually purchase full and fractional shares. I am mailing you a free copy of "How to Invest on a Budget" published by the NYSE. You can also secure detailed information on the Monthly Investment plan and specific stocks from a local firm associated with the New

Your magnanimity staggers me, and I almost laughed too fast. It seems corporations have been co-hosting workshops with the SBA for years with excellent results. The plan works basically in two ways (one is brand new). Often, the SBA

holds seminars for a company's dealers or other satellites for the purpose of making them healthier businessmen. A recent

To Become My's Athletics

small businessmen. Pan-American World Airways, Inc., acted in concert with both the SBA and the U.S. department of commerce in inviting 250 small companies to attend an International Trade workshop. Pan-Am, of course, was interested in promoting world trade for its overseas routes, but any participant (representatives of 48 companies showed up) could use any carrier desired. Reaction was electric, and the typical luncheon guest's remark was: "Until now, selling abroad was something we always expected

to do, but never started." One man has already received a whopping order for a new car because he got paid a commission for his work? In my book, you shouldn't begrudge anyone from making a fair and honest

product from a Paris outfit. Another is setting up distribution for his line in Malaysia. Others attending are just as enthusiastic. When doing business, you can't beat specifics delivered by a speaker embroiled in a particular phase of marketing. The government does a topflight job in aiding small businessmen with information. This new joint workshop with industry reveals blips on the radar scope of business.

Two Drivers Guilty of Hit and Run

Waupaca Youth to Serve 60 Days After Hitting Utility Pole

WAUPACA — Two drivers pleaded guilty Monday of hit and run driving and another car owner forfeited a bond of \$65 for failure to report an accident.

Roger Burns 18 314 Oak St. Waupaca was sentenced to 60 days in the county jail when he was unable to pay a \$75 fine for hit and run driving. Burns was driving a car owned by Gaylord Batten, 19 route 3 New London Feb. 1 when the vehicle struck a telephone pole on King Road southwest of Waupaca.

Parts of the damaged car were found at the scene and through an investigation by County Patrol Captain John Penney, it was learned that the car was owned by Batten. Batten who was charged with failure to report an accident did not appear in court. He forfeited a bond of \$65 and costs to Municipal Justice George Whalen.

Also charged with hit and run driving was Herbert Jensen 69 route 1 Scandinavia. Jensen lost control of his car Jan. 25 east of Iola on State 161 and knocked down five guard rail posts. Jensen was arrested after an investigation by Iola and Waupaca County police.

Jensen was fined \$65 and costs.

Speakers to Discuss Problems of Minority At St. Norbert Forum

DE PERE — Three Madison speakers will discuss the problems of minority groups at a St. Norbert College forum sponsored by the sociology department, at 7 p.m. Monday in the Memorial Union Lounge.

Dr. G. Aubrey Young, director of the Governor's Commission on Human Rights will outline government's role as it pertains to the problem. Dr. Young has been a member of the commission since 1954 and its director since 1963. He has participated in national civil rights conferences.

Community and church's role in the problem will be discussed by the Rev. Richard E. Pritchard of Westminster Presbyterian Church in Madison. Rev. Pritchard is a graduate of Carroll College, Waukesha. McCormick Theological Seminary, Chicago, and did graduate work at Marquette University, the University of Wisconsin and Theological Seminary, University of Dubuque. He has had wide experience on human rights commissions and panels.

Marshall Colston who will give the minority group's role of its own problem is district director for the State Department of Public Welfare. Colston has worked as a correctional officer, social worker and case work supervisor.

Youths Held At Chilton After Thefts

CHILTON — Two brothers and their sister from Sturgeon Bay are being held by Calumet County authorities after a car theft spree which took them from Sturgeon Bay to Ozaukee County.

The youths, ages 17, 15 and 10, left their home Saturday, stole a car in Algoma, which they drove to Askeaton and abandoned after a flat tire and engine trouble developed. They hitchhiked to New Holstein where they stole a car belonging to Arnold Wiskerchen, route 2, New Holstein. The auto was reported missing Monday evening.

Sheboygan County police spotted the car and followed the youngsters into Ozaukee County where traffic patrols of the two counties collaborated to stop the N. Drew St. and Ann Roelofs car. The juveniles were returned to Calumet County.

Care of Children of Working Moms Studied

Information on the arrangements made by working mothers in the U.S. for the care of their children will be obtained in the Bureau of the Census February current population survey, according to Director Guy A. Lutz of the Bureau's St. Paul office.

The questions on child care will supplement the regular monthly inquiries on employment and unemployment obtained for the U.S. Bureau of Labor Statistics.

The information will be collected starting Monday from selected households in this area as well as other sample areas throughout the U.S. Interviewers will be Malinda Jones, 207 N. Drew St. and Ann Roelofs, 302 E. Lawrence St. both of Appleton.

The 1,200 stocks on New York Stock Exchange...profit they earn, dividends they pay.

If you're thinking of investing in stocks for the first time (it's estimated over one million Americans will do so this year) you may want to learn more about stocks listed on the New York Stock Exchange.

Although there are well over 1,000,000 corporations in the country, the common stocks of only about 1,200 are listed on the Exchange.

These few earn nearly two-thirds of all the net profits reported by all companies and pay about 60% of all the dividends.

Of the estimated 17 million U.S. shareowners, some 11 million own these 1,200 companies. (Last year, on the average, 4.9 million shares were reported to have changed hands on the Exchange each trading day. This supply and demand is one reason investors usually can buy and sell listed stocks so easily.)

When the Exchange considers listing a company today, such minimums as these are used as guidelines: 1,500 round-lot shareowners, 600,000 shares in public hands with a market value of at least \$10,000,000 and demonstrated earning power of at least \$1,200,000 a year after taxes. Financial reports for shareowners are required too. And owners of common stock must have the right to vote.

The Exchange considers de-listing a company when the number of round lot shareowners drops below 600, market value of public held shares dips under \$2,000,000, or other circumstances make further dealings inadvisable.

Are listed companies the right investment for you? Before you decide, take these four steps:

1. Set a realistic goal. Dividends perhaps. Or long term growth. Or the greater safety that bonds may offer.
2. Provide for living expenses and emergencies, then consider investing. (The Monthly Investment Plan is a systematic way to invest with as little as \$40 each three months.)
3. Make your judgment on facts, not hopeful rumors or bits of news. There is risk in any investment, so you'll be wise to search out such facts as a company's sales, earnings, dividends, and then try to evaluate its potential.
4. Let a member firm help you. Registered representatives had to meet Exchange standards when they became registered. This doesn't make them invariably right, but perhaps they have facts and a point of view that you've overlooked.

Investing can be a rewarding experience. That is why it is so important to know there are both right and wrong ways to go about it.

Tribe Leaders to Confer At WSU-Stevens Point
The fourth annual Tribal Leaders Conference on Health will convene delegates from the Chippewa, Potawatomi, Winnebago and Mohican tribes at WSU Stevens Point on Wednesday and Thursday. The delegates, representing 24,000 Indians on 11 reservations in Michigan and Wisconsin, will discuss community organization for better use of health resources.

The welcoming address will be made by Dr. Paul Lambert, Dean of the School of Applied Arts and Science, WSU Stevens Point.

Mrs. Louisa Haas, Assistant Director of Volunteers in Service to America (VISTA), and Mr. Forrest Gerard, Chief, Tribal Affairs Office, Division of Indian Health, Washington, D.C., will both speak on the "War on Poverty."

Soviet Tug Comes Near U. S. Shore
SAN FRANCISCO (AP) — The Soviet ocean tug, Arkhangel, was sighted near the U.S. coast, about 60 miles north of San Francisco Bay, and within 10 miles of shore, the Navy reported today.

The Navy continued its watch of the 295-foot tug, which has been under Canadian or American naval surveillance since it was spotted last month off Vancouver Island, Canada.

Its objective has been mysterious. Officers aboard American warships speculated the purpose might be a routine oceanographic mission.

The tug, which the Navy says carries only navigational radio, has been cruising in the coasts of Washington and Oregon.

It has remained in international waters.

4 things we can do to help you invest sensibly

1. We can give you one of our registered representatives to advise you on your investment situation.

Casco Parish Quickly Pays For School

CASCO — The Holy Trinity Catholic Congregation has built a new school and convent at a cost of \$790,000 and without any assistance paid for it within a year after it was completed.

On May 21, 1961, the Casco Congregation decided to build a parochial school. They then had about \$100,000 in the parish treasury. Construction started in 1962 and was finished in 1963. Until October 1963, enough money was coming in to take care of all the bills. They then ran short and got permission from the Most Rev. Bishop Stanislaus Hanna of Green Bay to borrow \$40,000.

When the books were closed for 1964, all bills were paid and there was a balance in the treasury.

Parish women raised funds and paid for many furnishings in the school and convent.

The Casco congregation consists of 180 families. There are 141 children enrolled in the eight grades taught by the Sisters of St. Francis of Way Settlement. The Rev. Rudolph James Hudak is pastor.

Russell Denounces U. S. Bombings in North Viet Nam
LONDON, AP — British philosopher Bertrand Russell climbed the steps of the U.S. Embassy today to hand in a letter denouncing the U.S. bombing of North Viet Nam as unjust and fraught with appalling danger.

White-haired Lord Russell turned up in a chauffeur-driven car with a letter addressed to Ambassador David Bruce.

Copies of the letter were sent to President Johnson, British Prime Minister Harold Wilson, the U.N. Security Council and President Ho Chi Minh of North Viet Nam.

Aid to Outagamie Farmers on Wolf Topic at Shiocton
Outagamie County farmers with land abutting the Wolf River are urged to attend a special meeting at 11 p.m. Wednesday at the McCabe House in Shiocton, according to Joe Rickert, office manager for the Agricultural Stabilization and Conservation Service.

Gordon Bubolz, chairman of the Wolf River Basin Regional Planning Commission, will attend. New federal aid programs available to farmers on a cost sharing basis for agricultural conservation practices will be explained.

Rickert said various county and federal agency representatives would also attend to explain portions of the plan.

Thursday, February 9, 1965 The Post-Crescent 85

FORECAST

Rain From the Southern Plains through the eastern half of the nation mixed with snow in northern part and showers in the north Pacific area are predicted for Tuesday night. It will be warmer from the southern Plateau to the middle Lakes area and colder in the northwest parts of New England and the western Gulf area. (AP Wirephoto Map)

Let's EXPLORE YOUR MIND

ARE STATUS AND ROLE THE SAME? YES NO

parental role. You are expected to take care of your children. If they damage the property of others, you, not they, are held responsible. You are expected to teach them acceptable manners and morals and, in many other ways, to play your parental role by acting as parents are expected to act.

Your best defense against mental illness is:

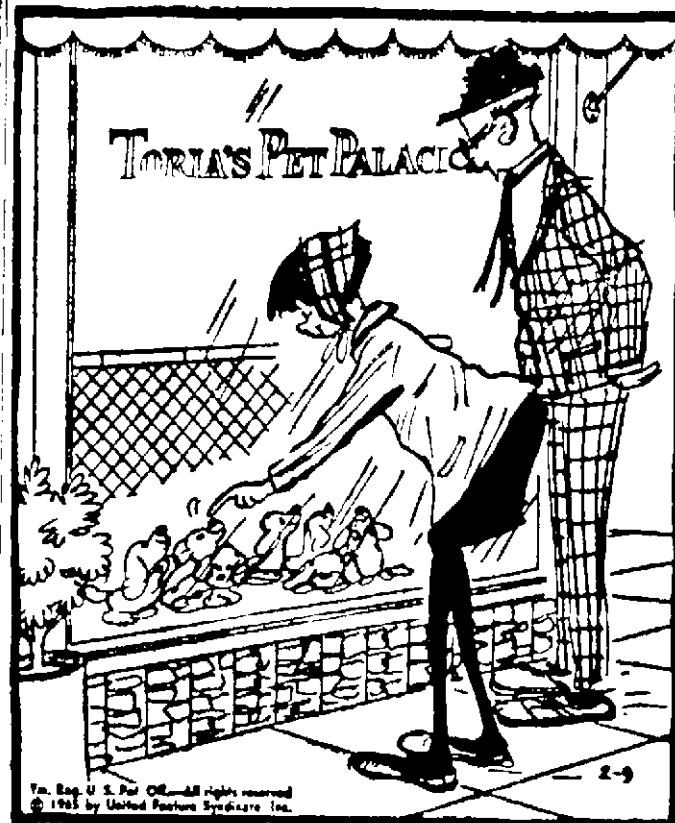

A psychiatrist — Your own doctor —

Your own doctor. Psychiatrists agree that the first line of defense against mental illness is in an understanding family physician. He knows you and how you normally react. He is acquainted with your family, not only through your medical history, but possibly first hand. He is a person you know and feel comfortable with. You trust him and can pour out your feelings to him. This enables him to spot problems before they become critical or chronic — time enough to call in a psychiatrist.

The entire problem of mental illness is spotlighted in common-sense detail in the booklet, "When Mental Illness Strikes Your Family." To get your copy, send 25 cents and your name and address to "Let's Explore Your Mind," care of The Post-Crescent.

To Your Good Health

Alkaline Becomes Acid If Disease Is Present

By Joseph G. Molner, M.D.
Dear Dr. Molner: My hair, mostly gray, is turning yellowish. Some say it is the result of too much acid. What's your opinion? — MRS. A. S.

Dear Doctor: What would cause a red, itchy, scaly area under my wedding ring? One suggestion is that I may have a

allergy at the point of contact, in other words. Sometimes it is metal. People have noticed it with earrings or other kinds of jewelry.

One answer is, first, to leave the jewelry off for a time, to let the skin return to normal, and then to coat the metal where it touches the skin, with a clear lacquer. (In the case of a wedding ring, if you don't want to leave it off, perhaps you could wear it on a chain around your neck.)

Another possible source of trouble is some soap, detergent, cleaning powder or other chemical which remains, even in small quantity, under the ring. Here again removal of the ring, until the skin gets over its itchy redness, followed by care not to let the chemical accumulate, is the answer.

Dear Dr. Molner: What do you think about a brother-in-law who reads medical books and thinks my mother-in-law, who is very ill, should have medicine the books refer to? He wants me to sit for hours and listen to him read about her illness and the medicine he thinks our doctor should give her? — Mrs. J. M.

He sounds as though he needs a psychiatrist.

NOTE TO MRS. LCM: Corusone is a hormone, and not

Dr. Molner

hyperacid condition. What does this mean and can it be controlled? — M. J. L.

"Too much acid" or "an acid condition" are common "explanations" for almost anything. But the phrases are vastly overused and are quite meaningless.

The body in general is slightly on the alkaline side. It only changes to acid when certain serious disease conditions are present.

(And as for "acid stomach," that organ is one part of the body which is supposed to contain acid, to help digest food. Indeed, if something interferes with production of enough hydrochloric acid by the body, it sometimes is necessary to prescribe a little each day.)

True, there can be such a condition as acidosis, but in such a case, the patient is seriously ill. I repeat, the body is normally not acid, and if it becomes so, serious problems ensue.

Word is Misleading
Therefore don't grab at the word "acid" as a simple answer to whatever problem you happen to have. It will just mislead you, and thus prevent getting at the real solution.

As for the yellowish cast of hair, this is extremely common as we grow older and is no indication that anything is wrong. Just using a tint or rinse is the best bet — without trying to attach any health problem. (Of course, a yellowish cast to the skin and whites of the eyes is another thing. That's jaundice, and requires examination to see what is wrong with the liver or with some of its related organs.)

Now for the itchy, scaly trouble under the wedding ring. Here again there is no relationship to "acid" or "hyperacid" condition.

It's some kind of local irritation. Otherwise it wouldn't happen just in that one area. Call it a contact dermatitis, meaning that something which touches the skin bothers it. An

Shiocton Farm Institute Attracts 125 Persons

SHIOCTON — About 125 people attended the Farm Institute at Shiocton High School Thursday. The program sponsored by the Outagamie County extension offices of agriculture and home economics, featured a discussion on milk and milking procedures for the men and "Teenagers in the Home" for the women.

Prizes and a dinner were sponsored by the Shiocton businessmen.

See Economic Implications In Steelworkers Vote Today

Victory Is Predicted by Candidates

PITTSBURGH (AP) — Steelworkers vote for a president today in an election heavy with national economic implications. Business circles — steelmakers in particular — hope the balloting will quickly produce a decisive winner so that the union and steel companies can get on with the job of writing a new labor contract.

David J. McDonald, who has guided the United Steelworkers Union since 1952, is opposed for re-election by union Secretary-Treasurer I. W. Abel.

Many economists believe labor trouble in the basic steel industry could knock the steam out of the surging national economy in 1965.

Steel Vital
Steel is vital to a number of key industries, including the auto, appliance, construction

and container industries and a steel strike hurts them all. The immediate worry is that the election will be close enough to wind up in court in an entangled, time-consuming legal fight.

Both sides predict victory. The Abel camp predicts a 200,000-vote edge. McDonald said last week, "I'm practically in." Basic steel contract talks opened the first of the year but quickly folded under the pressure of the union electioneering. The companies indicated they would not agree to anything under those circumstances.

Resume Talks
The union and companies said negotiations would resume around mid-February. The union could strike May 1.

Some 900,000 steelworkers are eligible to vote. The union represents most of the workers in the nation's steel, aluminum and can industries.

Unofficial vote returns are expected to start trickling in shortly after polling places close. However, it could take a

few days before a trend is established.

Abel, 56, accused McDonald of stealing authority from the rank and file by concentrating union policy-making power in the hands of a few top officers and advisors.

McDonald, six years older than Abel, plugged away at accomplishments made by the union during his years of leadership. He promised more advancements.

Congressmen Question Cost of Beautification

**Generally, Plan
Is Greeted Warmly
By Legislators**

WASHINGTON (AP) — President Johnson's program to clean up the nation's waterways and air was greeted warmly in Congress today but some members raised the question of cost.

The far-flung proposals submitted to Congress in a special message Monday cut across the jurisdiction of several committees, one of which geared itself for prompt action.

Rep. George H. Fallon, D-Md., chairman of the House Public Works Committee, said he was "favorably disposed" toward the program and assumed much of it would come before his committee.

A subcommittee headed by Rep. John A. Blatnik, D-Minn., tentatively has scheduled hearings for next week on a water pollution bill already passed by the Senate. Fallon said the water measure may be made the vehicle for carrying other phases of the program.

Money Problems
Rep. William C. Cramer of Florida, senior Republican on Fallon's committee, wanted to know, "Where is the money coming from?"

While in sympathy with any program to beautify the nation, Cramer said, he wanted to know more about the details and whether the plans would involve federal control of waters now controlled by states and communities.

The President's program called for an assault on air and water pollution, establishment of more parks and recreation areas, beautification of the Potomac River, elimination or concealment of eyesores such as junkyards along national highways and establishment of a national wild rivers system.

Today's Chuckle

The automobile has wrought many changes. Once we measured distance in miles; now we measure it by exits. (Copr. 1965)

Children of the American Community school in Saigon, South Viet Nam, carry their belongings from the building Monday after it was closed in the wake of stepped-up military action. On orders from the President, the children and teachers will be evacuated from Viet Nam. (AP Wirephoto)

Breakthrough Still Possible

Security in Viet Nam Can be Better

BY FRED HOFFMAN

WASHINGTON (AP) — Defense officials say there are several ways that security at U.S. bases in South Viet Nam might be improved but that "there is still going to be a possibility of a determined, well-trained enemy getting through."

They said this after disclosing that Gen. William Westmoreland, the top U.S. commander in South Viet Nam, and South Vietnamese leaders had ordered separate investigations to determine how security measures might be tightened at military compounds and airfields.

The action followed what officials termed a well-planned, "very effectively coordinated" mortar-grenade rifle attack at night on a U.S. barracks compound and nearby airfield at Pleiku in the South Vietnamese highlands. Eight Americans died, including a sentry who gave the alarm. More than 100 were wounded.

Security Difficult
"There is a great deal of difficulty in maintaining perimeter security in the midst of the enemy," said one official.

Although praising the swiftness with which the American soldiers struck back at the Communist attackers, this official listed several steps that might be taken to improve security in South Viet Nam.

Do All Possible
"You can do more with roving patrols, put them out on a random basis," he said. "You can improve the response and efficiency of people out on perimeter security. You can do more in terms of quick reaction."

But this official, just returned from the scene of the night sneak attack on Pleiku, said, "You are up against a situation where you do all you can do —

and you're still not going to keep everything out."

He said the reaction of the American soldiers was "impressive to me." This official did not criticize the South Vietnamese performance. He didn't praise them, either.

Officials said there was no intimation that any of the South Vietnamese guards were in league with the Communists. The South Vietnamese were conducting security patrols when the Viet Cong struck, they

Barefoot Sanders Is Katzenbach Aide

WASHINGTON (AP) — Atty. Gen. designate Nicholas Katzenbach has chosen Barefoot Sanders as assistant deputy attorney general. Sanders has been U.S. attorney for northern Texas since 1961.

The security system was described as consisting of an outer perimeter extending up to 2 1/2 miles from the compound and airfield, plus an inner perimeter bounded by barbed wire. Both are guarded by South Vietnamese troops.

Inside the complexes, the officials said, U.S. military police are on patrol. One patrol of two MPs thought they had heard sounds at the airfield about 15 minutes before the mortar barrage but found nothing, the officials told newsmen.

At the compound, about four miles from the airfield, there were two South Vietnamese guard posts separated by 100 to 200 yards.

Between them was a sentry position manned by an American soldier. This man detected the Communists, challenged them and was killed. His alarm was credited with cutting down on the U.S. casualties.

'Good Will' March

King in Montgomery For New Voter Drive

MONTGOMERY, Ala. (AP) — Dr. Martin Luther King returned to the city of his first racial triumph to lead his followers today in a "peaceful good-will" voter registration march.

After the procession, King planned to leave by plane for Washington to confer with Vice President Hubert H. Humphrey and Atty. Gen. Nicholas Katzenbach about possible new federal voter legislation.

From the nation's capital, the 1964 Nobel Peace Prize winner plans to return to Selma, Ala., to resume command of the three-week-old civil rights struggle in that west Alabama city.

Continue Drive
Negro leaders directing the Selma campaign in King's absence promised to continue right-to-vote demonstrations throughout the week.

Another in the day by day series of protest marches in Selma sent 57 more to jail Monday — including the Rev. James Bevel, one of King's aides — after Negroes refused to sign a voter registration waiting list made available at their request.

King, returning to Montgomery in a chartered plane, told hundreds of cheering, hymn-singing Negroes jammed into a church Monday night that Negroes must demand registration

in massive numbers to "let the power structure know we are determined to vote."

He urged his people to join him by the thousands in the four-block march to the courthouse from the Dexter Avenue Baptist church where he served as pastor during the boycott of segregated city buses which first brought him renown a decade ago.

Removal of Rahr Asked

**Hanson Charges
Commission Chief
Causes Pollution
Wayne Estes**

BARRON (AP) — Removal of Chairman Guido Rahr from the Wisconsin Conservation Commission was demanded Monday night by Democratic State Chairman Louis Hanson.

Gov. Warren P. Knowles re-appointed the Manitowish industrialist last month to a new six-year term on the commission he has served 18 years. Rahr remained on the commission last year because the GOP-controlled Senate refused to confirm a successor.

Hanson said at a Democratic party rally that Rahr's reappointment was "appalling considering this man's total lack of ethical practice in conservation's most pressing problem — the growing pollution of our region's fresh water resources."

Hanson claimed that a report prepared by the Minnesota Department of Health and other Minnesota agencies showed the malting plant Rahr operates in Shakopee, Minn., "is the second largest contributor to the pollution of the Minnesota River."

"The facts are," Hanson said, "that Knowles has appointed a man whose malting plant each and every day spews wastes into a major tributary of the upper Mississippi which are the equivalent of the raw sewage of a city of 29,000 people."

Space Station Model Acts Like a Turtle

WASHINGTON (AP) — The Air Force Systems Command is testing a full-scale aluminum model of a space station which acts like a turtle.

When launched, the 1,400-pound space station is five feet long. After it is in orbit it can stretch out to 15 feet.

The air force said a bladder inside the structure can be expanded with compressed air, thus sending the neck out to full length. The sections move on a track arrangement.

The Air Force said there are no plans to launch the experimental model in space.

In Attack Monday

U.S. Planes Were Ready, but No MIGs Ever Showed Up

WASHINGTON (AP) — Some 15 U.S. Air Force F100 jet fighters were ready to take on Communist Chinese MIGs Monday if the Chinese had tried to interfere with the South Vietnamese air force's bombing strike against troop bases in Communist North Viet Nam.

But, as one officer put it, "company never came."

The F150s flew combat air patrol over the propeller-driven Skyraider dive bombers of the South Vietnamese air force which smashed at three places north of the 17th Parallel boundary.

Four other F100s went along on the mission to lay down "suppressive fire" — that is, to shoot up antiaircraft batteries on the ground so the South Vietnamese planes could have a better chance. Some of these F100s too, but their pilots apparently escaped unhurt.

Although North Viet Nam has no combat planes to speak of, Secretary of Defense Robert S. McNamara said this week that "there is evidence in the past several months the Communist Chinese have moved certain MIG aircraft into North Viet Nam."

Intelligence reports indicated

Rule Death of Former NLRB Chief Suicide

WASHINGTON (AP) — The death of Philip R. Rodgers, one-time chairman of the National Labor Relations Board, has been ruled a suicide.

Rodgers, 49, was found Monday in the garage at his home in suburban Bethesda, Md. There was a bullet wound in his chest, and a rope around his neck.

Dr. John G. Ball, deputy medical examiner for Montgomery County, said Rodgers died from the gunshot wound, and called it a suicide.

A native of Bountiful, Utah, Rodgers was named NLRB chairman in 1955 by former President Dwight D. Eisenhower. His term on the board ended in mid-1963. He has since been serving as minority counsel of the House Education and Labor Committee.

Queen Elizabeth to Travel in Germany

BONN, Germany (AP) — Queen Elizabeth II will visit 10 West German cities and West Berlin between May 18 and 28. President Heinrich Lübke's office announced today.

It will be the queen's first state visit to Germany. She will be accompanied by her husband, Prince Philip.

Your Money's Worth

States Can't Get Along Without Federal Aids

BY SYLVIA PORTER

tion fees This single state budget dwarfs most national budgets in the world. But a profoundly important point being utterly overlooked is how much tougher it would be for states and localities the nation over if the federal government wasn't helping so heavily.

U. S. Puts Up \$13.6 Billion

Do you realize how much the U. S. Government is scheduling for aid to state and local governments in the new 1966 budget? It's \$13.6 billion, more than triple the \$3.8 billion in the 1956 budget.

Do you know how these federal aid expenditures stand in relation to total federal cash payments to the public? They now account for 11 per cent of total federal cash payments versus 5 per cent in 1956. Do you appreciate how significant federal funds have become as a source of revenue for state and local governments? Of pay for activities ranging from airport construction to education, from highways to urban renewal.

Largest Ever

New York State's budget is the most enormous of all \$3.48 billion up from \$2 billion as in-aid to state and local government recently as six years ago. Never before has a state governor submitted a budget exceeding \$1 billion. The proposed tax net-work is equally sensational. Enough The profoundly important point, I repeat, is the cent hiked in the tax on auto-cigarettes and in auto registra-

local governments — to our 90,000 state and local governments. It's a new development in the sense that the aid is reaching levels not even dreamed of a short while ago. But the rudiments of today's system of federal aid date back more than 10 years to the Morrill Act of 1862 which established land grant colleges and laid down certain federal requirements for today's minimum standards for today's grant-in-aid programs. As federal aid was that this would result in im-

initiated for agriculture, high mense leakage. Where the ways, vocational education and federal government collects a rehabilitation, forestry and public health. In the depression pennies 1930s, it was extended to meet You also might moan that social welfare and other economic security needs. Now it's being expanded again and localities take back in tax

Freshman Is King Of Brillion Ball

BRILLION — Eugene Schmidt, freshman candidate was to reign as king of the 1965 Brillion High School Mardi Gras Saturday night. School organizations and individual classes took in a total of \$273.74 with games and contests. Prizes for the best couples costume went to Gary and Jerome Rosner. Other winners were John Lindner, Arlene Paul and Les Brandt. Costume judges were Mrs. Don Hepler, Mrs. Kenneth Konop, Mr. Earl Herring and Mr. and Mrs. William Urban.

'Trinity Past' Opens Anniversary Observance

The first of a three part celebration of Trinity Lutheran Church's golden jubilee took place Sun-

day at the church. 'Trinity Past' was observed both in morning services and during the afternoon

program. The Rev. C. H. Zeidler, president of the Northwestern Lutheran Theo-

logical Seminary, Minneapolis, Minn., preached on "An Army With Banners" at the morning services, stating, "A church is what's left when the building burns down". Pastor Zeidler had charge of the Trinity congregation from 1939 to 1954.

Last leaders of the church and the congregation were guests of honor at the 3 to 5 p.m. reception in the parish hall. Many small groups wandered over to the church to inspect more carefully the building done during recent years. Others viewed a film that graphically pointed out the physical changes in the church, but most found quiet corners in which to reminisce with friends they hadn't seen in years. Coffee and punch set the mood for a cordial few hours in the past.

A Small Group

When the church was organized, also on Feb. 7, but in 1915, there were 15 charter members and three children in the congregation. Today the membership stands at 1,812 confirmed members and almost 2,800 baptized members.

Next Sunday's program will mark 'Trinity Present'. Preaching will be dedicated at both services by the Rev. Theodore

Mattson, Milwaukee, president of the Wisconsin Upper Michigan Synod of the United Lutheran Church. In the afternoon LaVahn Maesch of Lawrence University will present an organ recital. A reception is planned in the parish hall after the musical program.

In Ministry

'Trinity Future' will be noted in the program scheduled Feb. 21. At that time the 12 sons and daughters in the ministry will be honored. Preaching at the first service will be the Rev. James Wilch, pastor at St. Mark Lutheran Church, Waukesha. Second service preacher will be the Rev. Jarvie L. Mattes, pastor of Good Shepherd Lutheran Church, LaCrosse. Liturgist for both services will be the Rev. Robert Wilch, a brother of James. A reception for visitors is planned from 3 to 5 p.m.

Women of the parish have had charge of refreshments for the three-week observance. Mrs. Harry Knox is chairman.

A Tour of the Recently Remodeled and enlarged Trinity Lutheran Church was a 'must' for visitors returning for the first part of the church's observance of 50 years. Above are the Rev. and Mrs. Charles Luhn, Mr. and Mrs. Miles Hanna, chairmen of the event, and the Rev. and Mrs. Marvin Oechler, Two Rivers, where Pastor Oechler has charge of Calvary Lutheran Church. Pastor Luhn was Trinity's first assistant pastor, serving from 1955 to 1957. Below, at the tea table, are Mrs. Minnie Tesch, a member of the congregation for 46 years, Mr. and Mrs. Walter Krueger, 48 years, and Mrs. Marie Roehl, since 1921.

Standing in the Entry of Trinity Lutheran Church during the afternoon reception are the Rev. and Mrs. I. B. Kindem; the Rev. C. H. Zeidler, Minneapolis, Minn., pastor from 1939 to 1954; Mrs. F. H. Schreckenbach, Plano, Ill., the widow of the first pastor, and Mrs. and the Rev. W. N. Palmquist, Marquette, Mich. Pastor Palmquist is a former assistant pastor. Below, viewing pictures of former choirs and church members are George Dame, a charter member, Mrs. Edna Shove, a member since 1924, and William H. Roucks, who has belonged to the parish since 1919. Among guests was the first couple married in the parish, when the church was a small chapel on Harris Street, Mr. and Mrs. Nicholas Schounisch, Kaukauna. (Post-Crescent Photos)

Ladies Aid Society Elects New Officers

HORTONVILLE — Mrs. Lloyd Schulz was re-elected president at the annual meeting of the Bethlehem Lutheran Ladies Aid Society, Thursday evening. Other officers re-elected were Mrs. Norma Ziehm, vice president; Mrs. Clara Baehman, treasurer, and Mrs. Roger Coenen, secretary. Mrs. Luther Huebner will serve as a member of the general committee.

Commandery to Have Homecoming, Inspection

The homecoming and inspection project is the Knights of the Appletown Masonic Temple Educational Foundation. The Wisconsin Division, operated by the Grand Commandery, gives loans to needy Grand Commandery of their families. The scope has been broadened to include the Representatives from Com-general public. It has been manderies in the state and the active in areas of disaster Fox Valley will be present, relief, temporary student loans Wives of Knights will be and medical assistance. The Eye Foundation, operated, evening while the inspection is by the Grand Encampment of taking place.

research and financial assistance for surgery and medical treatment.

Albert Rohrbach

Brownie Test

Don't over-bake those brownies if you want them to have a soft fudgelike quality! If a wire cake-tester inserted in the center comes out clean, the brownies may be over-baked! This standard test for cake doesn't always work with brownies.

Concert Pianist Philippe Entremont was guest of honor at a post-concert reception Monday evening at the home of Mr. and Mrs. Howard Angermeyer, 620 E. Wisconsin Ave., Neenah. The French pianist represented a program during the evening at Menasha

High School as the third in the Neenah-Menasha Community Artist Series. Above, chatting with the pianist, are Michel Gibson and Irving Schwerke, Appleton. (Post-Crescent Photo)

Live Within Your Income Food Budget Must Increase As Growing Kids Eat More

BY MARY FEELEY

Consultant in Money Management

Dear Miss Feeley

I really need help. What is the minimum food allowance for a family with eight children?

Here is a family run-down

Four boys, ages 1, 10, 14, and 16
Four girls, ages 4, 7, 9, and 15

My husband is 37 years old (white collar job), and I'm 34

The \$50 I spend per week must purchase all food (except milk), cleaning, supplies, shoe repairs, dry cleaning, school supplies, etc. Until now I have managed without too much difficulty, but prices seem to be rising and the children want more to eat as they get older. I spend \$6.50 a week for eight gallons of milk, which I dilute with liquefied dry milk in equal proportions. Am I overspending for food?

J. R., Franklin Park, Ill.

It's not apt to affect your tax materially. But if you wait and deduct the interest at the time the bonds are cashed, the amount could conceivably put you into a stiffer income tax bracket. However, once you start reporting interest by the year, the law says you have to keep it up.

Dear Miss Feeley

I've read that the Internal Revenue Service is really planning to get tough with women who haven't made social security payments for their domestic help. What does "get tough" really mean?

T. E., New York City

Dear T. E.

When I asked IRS this question, the answer was "We are not at liberty to disclose how we get information, since if it became public, people would have ways to get around it."

Alas, how true! But delinquent employers should realize that when they are brought to account, the bill can run fairly high. They will have to pay both employee and employer taxes, plus interest and a possible further penalty of up to 25 percent. The tax on household

Dear J. R.

Indeed you're not overspending. In fact, you really should go over your budget carefully and see if there's a way of allowing more for food. Low cost figures, based on adequate nutrition, show that your minimum should be \$47.67 a week for all those ages. And that isn't including the milk!

The facts on food are these: boys from age 13 to 15 can cost \$7.10 per boy per week. At age 16 the figure shoots up to \$8.40 per boy per week. A nine-year-old girl should be allowed \$5.30 per week, but when she reaches 15 she needs \$6.50 a week.

If you add up all varying weekly food allowances for your family, the total, according to the U.S. Department of Agriculture, would be \$61.30. However, you can subtract 10 percent of that total because there are ten of you at the table. The cost per person therefore actually becomes less. Also, if you subtract the milk bill, which you don't figure in your weekly grocery bill anyway, the final figure you need to deal with is \$48.67. Cleaning supplies, shoe repairs, dry cleaning, school supplies should be figured separately setting aside \$8 to \$10 for these items.

Dear Miss Feeley

I have E bonds which will be 20 years old next year. How do I handle the income tax on them when I redeem them several years hence? I can't see that the government does you any favor in allowing you to hold taxes on bonds for many years and then making you pay the whole amount at one time.

H. K. S., Chicago

Dear H. K. S.

You don't have to pay in one fell swoop. If you prefer you can report the annual increase in value of the bonds each year. Since the increase is so slight

Opening lead — 2

West opened the deuce of clubs and East took the ace of clubs and returned the nine of diamonds. South won with the ace of diamonds and led a trump to the ace and a trump back from dummy.

East stepped up with the king of spades and returned the four of clubs to West's king. Back came a diamond, and East's ruff defeated the contract.

You now have all the clues you need. Decide for yourself before reading on who the criminal was and just where he deserted the paths of virtue.

Deep-Dyed Criminal
South was a villainous criminal, for he should make his contract. He should spot the diamond return as a singleton and should know exactly what East plans to do. A counterplot would save South from a life in prison.

South wins the second trick with the ace of diamonds, cashes the ace and king of hearts and leads a spade to dummy's ace. Then comes the key play: declarer must lead the jack of hearts from dummy.

East must cover with the queen of hearts, and South discards his second club. This gives East a heart trick and prevents West from getting a club trick. As a result, West can never gain the lead to give East a diamond ruff. The defenders get one spade, one heart and one club but nothing else.

Daily Question
Partner opens the bidding with one club and the next player passes. You hold S 7 6 H 9 5 4 2, D 10 8 4 2, C K 8 2. What do you say?
Answer: Pass. You need at least 6 points for a response, and in this case you can count only 3 points for your king and perhaps 1 point for the doubleton. It is not enough.
(Copyright, 1965)

Saffron Threads
Saffron comes in powdered and in thread form. If you use the latter, you may want to soak it before adding to a dish. For a fish stew, for example, use a half teaspoon saffron threads soaked in a tablespoon of hot water.

'WHERE'S MY NEWSPAPER?'

When a newspaper is missing, more often than not, a man will say, "Where's my newspaper?" "My," not "the"! You've heard him say many times: "Now, my newspaper said . . ." "I read in my paper . . ."

A man's possessive about his newspaper. He takes pride in it. He gloats when his newspaper praises his favorite political candidate or sports team. Or, he groans when his newspaper differs with his choice of personalities or issues. He'll even write the editor when he feels strongly about a difference of opinion.

And, his wife feels just about the same. She looks forward to reading her pet features. Missing out on some ad or choice item of local news could "ruin" her shopping trip or leave her feeling left out during the chitchat over the bridge table.

Both men and women want their newspaper. In fact, they insist on it. They are sorely disappointed and disturbed when their newspaper isn't on the front step when they want it. Ask any carrier boy. He can tell you, because he hears about it if a delivery is late or missed.

This loyalty to a favorite newspaper didn't just happen. It came about because the newspaper is localized to meet a particular want and fill a definite need.

And, because the newspaper is viewed as a necessary companion and source of information, it makes a big difference in the lives of people of all ages, of all faiths and political preferences, of all levels of income and education.

June Wedding Planned by Miss Gerharz

Mr. and Mrs. Kenneth W. Gerharz, Muscatine, Iowa, have announced the engagement of their daughter, Susan Kay, to Roland Erwin Williams. He is the son of Mr. and Mrs. R. E. Williams, Jacksonville, Fla. Mr. and Mrs. Gerharz formerly lived in Appleton.

The bride-elect was graduated from Stephens College, Columbia, Mo., and is employed by Trans World Airlines, Boston, Mass. Her fiancé was graduated from Stetson University, Deland, Fla., and attends Stetson College of Law, St. Petersburg, Fla. He is affiliated with Sigma Nu and Phi Delta Phi.

A June wedding is planned in Muscatine.

Miss Susan Gerharz

The Ailing House

Peeling Ceiling Problem

BY ROGER C. WHITMAN

Q Our home is four years old. It has plaster walls and ceilings. Our problem: The ceilings are starting to blister and peel. What causes this and how can we go about fixing it?

A I assume the walls and ceilings are painted. Without knowing any more about the construction (whether one or two stories, siding material, basement or crawl space, etc.), impossible to hazard a guess. But in general, usual cause of blistering, peeling paint is moisture under the coating. This forces its way to the surface, pushing the paint off in its path. If you have an uninsulated attic floor above the ceilings, this may be the moisture source. Or it may be due to faulty chimney or window flashings, roof leaks, too humid house air. The source of the moisture must be tracked down and corrected. I suggest sending 35 cents to National Mineral Wool Insulation Association, 1270 Sixth Ave., New York 10020, for copy of their excellent publication, "Control of Moisture in Homes."

Q What causes the crusty deposit on our kitchen faucets? How can one remove this and prevent its return?

A Hard water causes deposits on plumbing fixtures. Installing a water-softening unit will overcome this. Try wiping off the deposit with a half-and-half solution of vinegar and water, rinsing well afterwards to remove all trace of the vinegar. Ineffective in advanced cases.

Q We purchased a used mahogany dining set which has many layers of polish and soil on it. Other than completely refinishing each piece, how do you suggest we get the soil and cloudiness off this furniture?

A Use a liquid furniture wax made by a nationally known manufacturer and widely available at supermarkets, housewares and hardware stores. Follow label directions especially about not letting the wax dry before wiping off, then rewax. This removes dirt and oily film. Or wipe furniture surface with a thick milk soapuds. Then remove loosened dirt with clean, dampened cloth and rub with dry cheese-cloth. To remove cloudiness,

The 50th Wedding Anniversary of Mr. and Mrs. Henry Loehr, St. John, is being marked today. The couple was married Feb. 9, 1915, at St. John Catholic Church, Johnsburg. Their children are Mrs. Marcel Rademacher, Appleton and Orlando Loehr, St. John. They have five grandchildren and four great grandchildren.

Add Bleach After Wash Cycle Starts

When is bleach added in the washing machine?

To add chlorine bleach to a washerful of clothes give the

wipe surface with a mixture of one teaspoon of cider vinegar in thus the whitest wash. Some one quart of water, then polish brighteners are no longer af-with soft, dry cloths. Apply a fected by bleach but if you re thin coat of paste wax or a good brand of furniture polish allow to dry hard, then polish thor-

oughly. Adding chlorine bleach late in the wash cycle gives the detergent three to five minutes to work first, suggests Katherine Bailey, home management specialist at the University of Wisconsin.

Adding chlorine bleach late in the wash cycle gives the detergent three to five minutes to work first, suggests Katherine Bailey, home management specialist at the University of Wisconsin. DAILY CRYPTOQUOTE — Here's how to work it:

AXYDLBAAKE
LONGFELLOW

One letter simply stands for another. In this sample A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.

Pocket Folder for Boys Can be Made of Envelopes

BY CAPPY DICK

Every boy has important papers to carry in his pocket—membership cards, club rules, letters, directions for making things and so on. One way to prevent their loss is to have a container that is flat so it can be slipped into a coat pocket.

and the pocket folder is completed except for any decorations you may want to put on the outside. Figure 3 shows the finished folder with the owner's name composed of cutout letters pasted on the cover.

Look and Learn

- BY A. C. GORDON
- What are the seven Roman numerals by means of which all numbers can be written?
 - What is the chief seaport of the Mediterranean?
 - What is the tallest species of tree in the world?
 - If you are driving your car at 60 miles an hour how many feet are you traveling per second?
 - What nation has two official languages — English and French?

- Answers
- The letters "I" (one), "V" (five), "X" (ten), "L" (50), "C" (100), "D" (500), and "M" (1,000).
 - Marseilles, France.
 - A kind of eucalyptus, or blue-gum, in Australia, some of these trees attaining a height of 300 feet.
 - At 88 feet per second
 - Canada

Role of Jury Members Is Serious in Serving Justice

A jury trial is a serious business, especially for the jurors. The jurors have grave responsibilities and if justice is to be done, the jurors must be able to concentrate on the evidence and to deliberate without distraction to reach a verdict.

But what if that isn't the situation? Allan lost his case by verdict of the jury, but from what he learned afterwards the jurors had really enjoyed themselves. The fact was the jury members had played cards conducted a football pool, watched television and listened to the radio all during the time they were presumed to have been seriously deliberating on the findings.

Allan moved for a new trial on the grounds that the jury was too relaxed. The court granted his motion.

The court held that where a jury shows a lack of awareness of its duty by playing cards, subscribing to a sports pool and watching or listening to television or the radio, the question of whether any party to the action received his right to deliberate free from extraneous influences is placed in serious doubt.

Thus what goes on in the jury room is to a limited extent public business. Just as tampering with a jury can result in a mistrial, so can an improper attitude by the jury. Jury duty is a high honor and a civic responsibility, and an important part of our system of justice. The parties to the case are entitled to full application to duty.

The parties are also entitled to an impartial and unbiased jury. Where because of local notoriety or public sentiment a jury of local citizens is apt to have read much about or discussed the case, the judge may transfer the case to another county for trial.

Danny Thomas Busy as Ever Despite Series End

First of Five Specials Next Sunday; Finds Little Time for 'Amos' Folly'

BY BOB THOMAS
HOLLYWOOD (AP) — The figure of Cherry Valley, otherwise known as Danny Thomas, came to town to pursue his trade of telling jokes, thus being able to retain his position as the figure of Cherry Valley.

Danny is able to see more of his acreage near Beaumont, Calif., but not as much as he expected when he quit his weekly television show last year.

Business and Labor Watch Steelworkers

Union Election Might Change Course of Industry

BY SAM DAWSON
NEW YORK (AP) — Businessmen and labor leaders all over the nation are watching today's voting for president by the United Steelworkers of America almost as closely as the steel companies or the steel union members themselves.

How the voting goes might change the course of the steel labor-management negotiations which can't get going in earnest until the results are known and even then might have a carry-over of bad feeling from today's showdown.

And how the contract negotiations go could have wide effects. First, the users of steel have at stake the trend of steel prices after a settlement or a supply shortage if a strike occurs.

Second, the pattern of a steel settlement might spread to other industries affecting production costs and possibly consumer prices.

Third, a strike would hurt users at first but its effects also would spread quickly through the economy. It would bring the four year long business upswing to at least a temporary halt and perhaps even an end.

Finally, a steel labor-management stalemate or strike threat might bring the federal government in. And most businessmen heartily dislike government intervention.

Business Planning

Just in itself the leadership battle within the union — with the present president, David J. McDonald, pitted against the present secretary-treasurer, I. W. Abel — has had, in having, and doubtless will continue for some time to have a marked effect on business planning.

A scramble to build up steel inventories has been intensified by the fight uncertainty as to what the union leaders, whichever side wins, may demand of the companies makes steel users that much more nervous. And the union battle has stymied negotiations, cutting the remaining time before the May 1 deadline.

Warn Economy

The inventory buildup carries a threat of overheating the economy this spring, followed by a letdown when peace reigns again in the steel mills and users live off their inventories.

Steel users' orders have sent the mills to record production. Many users are reported to have accumulated stocks equal to two or three months of their normal requirements. But many steel customers haven't been that successful in their stock building programs. For one thing, they've found their suppliers already working at full speed. For another, they've been using up the steel in their own booming business at a great rate.

Foreign Steel

Some have been turning to foreign steel, although many are reported unwilling to pay premium prices just to build up stocks as a strike hedge.

For business as a whole, the stakes in today's union election are more what will come out of it in way of union demands on the steel companies and management's reaction to these demands.

Autoworkers received a settlement that many outside the industry said was too generous for them to meet without hiking their prices and risking loss of some markets.

Profit Margin
In the steel industry the margin of profits — the percentage of sales carried down to earnings — is smaller than in

Hot Lips, Giraffe at the San Francisco Zoo. nuzzles her baby, a 112-pounder Mama and papa, Zoo Beau, each are eight years old and are the parents of one other baby. This one was 5½ feet tall at birth. (AP Wirephoto)

are up before 5 and at flight quarters or their stations at 6 a.m. They go nonstop, jockeying planes, refueling launching and recovering aircraft and running the ship until past 10 at night.

When the planes are all in, they start to clean up and get ready for another day.

10,000 Meals
Cooks work in shifts 17 hours a day to handle 10,000 meals. The crew uses 125,000 gallons of fresh water a day.

The men spend approximately \$45,000 monthly while on the ship, buying cigarettes, watches, toothpaste, candy and other small items.

The crews can be generous. They gave more than \$5,000 to charitable organizations in 1964. In Hong Kong they bought a noodle machine for an orphanage. They also bought a junk which they painted white and turned into a hospital for the colony's boat people.

Many Jobs
The engineering department, which handles everything from 37,500-horsepower engines to drinking fountains, has one of the ship's biggest jobs. Its men handle the ship's engines, boilers, water pipes, electrical wiring, steam for the catapult, fresh water and thousands of other tasks.

To support the air wing on the Hancock, a wide assortment of weapons is carried, including nuclear weapons.

Three A3 twin-engine jet bombers aboard are capable of carrying heavy nuclear weapons. The A4 attack jet and A1 Skyraider can carry similar weapons.

Seven decks down are racks of bombs up to 1,000 pounds, 2.75 and 5-inch rockets and the deadly, heat-seeking Sidewinder rockets.

aboard, a small Marine detachment and five destroyers.

The Hancock operates around a position designated Yankee and is protected by the destroyers. Two of them guard the entrance to the Gulf of Tonkin.

The Hancock's primary mission is to provide immediate striking power if called. The carrier also represents a show of force and could be used to evacuate dependents from Saigon.

The Hancock carries 3,000 men, was built 20 years ago, and is the smallest operating class of carrier the United States has.

Aircraft, ranging from two-engine medium bombers to helicopters, jam the decks and hangar bays.

Crowded Quarters
Some of the crew, overcrowded in the sleeping areas, sleep in bunks slung in passageways.

Temperatures in the engine room run from 110 to 150 degrees where men work.

In an average day the men

Menu: Captains and Nails

Tough Master Controls Viet Nam Sea Patrols

BY T. JEFF WILLIAMS
ABOARD USS HANCOCK, Cross and three Distinguished Flying Crosses in World War II, work 18 hours a day to make, is a native of Greenville, N.C. A this aircraft carrier go around soft Southern accent and in circles off South Viet Nam. quiet humor belie the unyielding nature of a man who decided he wanted to become an admiral when he was 11.
"When he talks, a junior officer's hair stands on end," one senior officer says. "He eats like a seven-day week. Not, captains and nails for breakfast. We work eight days a week fast."
because that's the Bandit's orders," one sailor grouched.
The "Bandit" is crusty, hard-driving Rear Adm. Edward C. Outlaw, who commands Task Group 77.7 and Carrier Division 1 from the Hancock.

His '65 Ford rides quieter....than his Rolls-Royce

Tests proved it.* Does this mean Ford now rivals one of the world's most wanted luxury cars? Hardly! But these tests do mean plenty—to you—if you're shopping for a popular-priced car. They prove Ford has outstanding strength, design, quality. Compare Ford, in every way, with everything in its class.

Feel Ford's solid quality
■ 100% new body—strongest ever on a Ford.
■ New frame "tunes out" vibration.
■ New suspension puts a big ultra-soft coil spring at each wheel.

Inspect Ford's luxurious new LTD models
■ Decorator interiors, thick nylon carpeting.
■ Walnutlike vinyl inserts on doors and instrument panel.
■ Rear-seat center arm rests, five ash trays (4-door hardtops), padded instrument panel, and more.

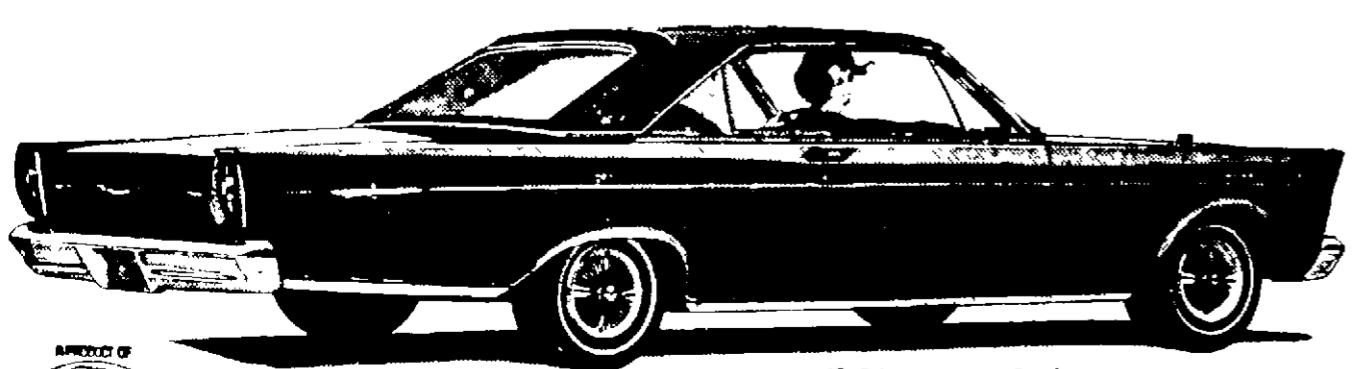

Relax in Ford's spacious interiors
■ Swept-back instrument panel, lower transmission hump.

■ Trunk holds four 2-suiters standing upright, and more.
Test Ford's new power
■ Big, new 289-cu. in. V-8 standard in XL's and LTD's.
■ New Big Six—biggest Six in any car. Test-drive a '65 Ford!

*Leading acoustical consultants conducted tests in which 1965 Fords (Galaxie 500 Sedan, XL and LTD Hardtops) with 289-cu. in. V-8 engines and automatic transmissions rode quieter than a new Rolls-Royce. These tests were certified by the U.S. Auto Club.

Best year yet to go Ford!

Old Airport Worth More if Annexed, Planner Tells Board

Appleton Official Gives Program For Development to Supervisors

The old Outagamie County Airport property could be ex- and proper zoning will automatically yield an estimated increase the value of the \$1,280,000 if annexed to Appleton property and then developed with emphasis on residential construction, the county board was told today.

At the same time City Planner Walter Rasmussen said if the county would decide to keep the 182 acres in the Town of Grand Chute the yield from predominantly residential development would be about \$510,000.

Rasmussen made his observations in a proposed plan for development of the old port which is located near Appleton's northeast limits.

City and regional planners have indicated the best bet for the county is to get the airport land into the city before disposal.

No Opposition To Request for Bus Fare Hike

Appleton Schools Seek Student Rate Based on Grades

There was no opposition to proposed student and adult bus fare increases in Appleton during a public hearing conducted today by a Wisconsin Public Service Commission examiner in city hall.

However, the stage was set for the PSC to consider a compromise when a representative of the public school system suggested that rates for children be set according to grade levels rather than age.

Fox River Bus Lines, Inc. Appleton, petitioned the PSC for authority to increase adult cash fares to 20 cents and six tokens for \$1, and student cash fares to 15 cents and tokens also at 15 cents each.

The student bus fare would apply to children who have passed their tenth birthday, boosting the fare from 10 to 15 cents. Present fares for elementary and junior high students (kindergarten through ninth grade) are 10 cents a ride.

Needed to Prevent Deficit
Mrs. Olof Lundquist, president of the bus line, said fare increases were needed to prevent the firm from operating at a deficit.

The board of education has more than a casual interest in the proposed rate adjustments because it transports an estimated 1,130 elementary and junior high school students to and from school on Fox River buses.

Roland Nock, director of transportation for the schools, told the PSC examiner it would be easier to administer fares based on the school level and not the age of students. This would be most helpful to us if this would be taken into consideration, Nock said.

Increase Not Anticipated
He also said the school board had not anticipated bus fare increases in its 1965 budget.

Nock suggested elementary school children be charged 10 cents and junior and senior high youths 15 cents. This would permit children up to about 12 years of age to still pay a dime.

Information supplied the PSC by the bus line was that it operated at a net loss of \$8,614 in 1964.

Fox River Bus Lines also provides service between Appleton, Neenah and Menasha. It has not requested an increase in its inter-urban fare schedule.

AVS to Offer Two Business Courses

The School of Business of the Appleton Vocational and Adult School is offering two refresher courses in shorthand dictation and typewriting for persons who wish to upgrade their skills for employment and job advancement.

A class in shorthand dictation will begin Wednesday evening Feb. 17 and continue for five weeks. Classes will meet from 7 to 9 p.m. A range of from 80 to 120 words a minute will be offered in dictation on a variety of materials. Transcription aids also will be given.

The review typewriting class will meet from 7 to 9 p.m. Thursdays from Feb. 18 to March 18, and will provide a program to facilitate speed and accuracy.

Enrollments are being taken now at the school in the afternoon and evening. There are openings in both classes. Mrs. Suzanne Welch, business education evening coordinator, urged early enrollment.

Light Industry
The airport property would be predominantly residential with some light industrial zoning, according to the land use plan explained by Rasmussen.

He said about 108 acres could be devoted to residential construction while 44.2 acres might be required for streets. Rasmussen's plan also called for 3.3 acres designated as a park-like drainage area (green belt), 17.2 for light industrial operations, and 9.3 acres for an elementary school site.

If the land were developed in the city it could be divided into 640 residential lots ranging from 60 to 64 foot frontage, Rasmussen said.

He said development of the land if it remained in the Town of Grand Chute, assuming the same street arrangement is used, would produce 225 residential lots. The lots would have to be much larger in the township to meet state board of health regulations.

"Spread"
Rasmussen said on the premise that each buildable lot has the same value in the township as in the city, the primary "spread" in total value for the residential lands would be the difference in the number of lots.

If each lot is worth \$2,000, town development of the residential area would yield \$510,000," Rasmussen said, "while city development would yield \$1,280,000 or about 2½ times more than the value of the town development."

Rasmussen explained the land set aside for light industrial development was difficult to put a value tag on.

"The value of the light industrial tract will probably improve with development within the city," Rasmussen said.

However, Rasmussen said industrial land values are dependent on many variables so that no definite claims could be made about that area.

He emphasized it would benefit both the county and city to have the airport property annexed to Appleton as soon as possible.

County officials have been unable to plan for the disposal of the property, and may not be in a position to do so for several months, pending the outcome of litigation involving Civil Aeronautics Board decisions on regional airports.

Disabled War Veteran Beaten

Four Sturgeon Bay Youths Admit Attack On Appleton Man

STURGEON BAY — Four Sturgeon Bay youths between the ages of 16 and 18 are being held in the Door County jail after confessing to the beating of a disabled Appleton war veteran in the alley behind the National Hotel here Saturday night.

The beaten man, Ervin Williams, 49, 1614 N. Division St., Appleton, is in Door County Memorial Hospital recovering from injuries including several broken ribs, a punctured lung and a scalp laceration. Emergency chest surgery had to be performed after he was admitted to the hospital Saturday night.

Williams, son of Mr. and Mrs. Martin Williams, 1614 N. Division St., Appleton, retired after more than 11 years of army duty with a service-incurred disability. He was awarded the Purple Heart and recommended for the Silver Star. He saw active duty in both World War II and the Korean conflict. He has been living at Sturgeon Bay for several months, his parents said.

Have Confessed
Chief of Police Romain Londo said this morning that four Sturgeon Bay youths have confessed to the beating and are being held in the Door County jail awaiting court appearances.

Their names were withheld pending a decision on whether they will be handled as juveniles or adults.

Londo indicated that the youths assaulted Williams at the rear of the hotel where the Appleton man was staying. He said that robbery was the motive but that apparently nothing was taken.

Williams was able to walk into the hotel and police were notified. The assault took place at about 7 p.m.

The district attorney's office said this morning that the four youths will probably be brought into court Wednesday.

Panelists at an Appleton Council of Churches discussion on race relations were, from left, Dr. Gilbert James, professor of sociology, University of Wisconsin Fox Valley Center, Mrs. William Schutte, civil rights worker, and Dr. Harold Schneider, professor of anthropology, Lawrence University. About 180 persons attended the session Monday in Evangelical United Brethren Church, Appleton. (Post-Crescent Photo)

Community Reaction to Race Problem Explored by Panel

Appleton's Council of Churches Program Cites Valley Concern

Why Fox Valley residents here since Negroes soon will be should be concerned about de- living in the valley.

Population Expands
Thus he credited to the natural flow and expansion of population and to the federal government's increasing enforcement of the fair employment section in all its contracts.

He emphasized that this does not mean an employer will have to hire a person who is a Negro but rather that he will have to hire the most qualified person whether or not he is Negro.

In addition, he said, residents here are not able to isolate themselves from the problems which concern the state and the nation. If desegregation is a problem in the North or in the South, it is a problem to us all, he said.

Crucial Problem
In describing what he termed the most crucial problem of today and the past 100 years, James differentiated between integration and

Desegregation
Desegregation, he said, is a legal matter concerning social economic and political changes. Integration is a moral matter and involves changes of the heart.

It is primarily in the field of integration that the Church can and should be the community leader, he said.

Like AFS
A proposal to bring middle class Negro high school students to Appleton to live with a family and attend school here similar to the American Field Service foreign exchange student program, was offered by Mrs. William Schutte, a housewife and former civil rights worker in Pittsburgh.

These students could be selected by a particular denomination and sponsored here by that denomination. She suggested that a church men's club might be responsible for the student's expenses, the women's club for his clothing and the youth organization for his entertainment.

Housing Bill
She also advocated that each person become familiar with the fair housing bill about to go before the State Legislature and back it by talking or writing to his state representative.

This is particularly important, she said, because understanding and enforcement of the

Survivors are the widow, one daughter, three sons, two brothers and one sister.

Funeral services will be held at 9 a.m. Thursday at St. Mary Catholic Church. Friends may call at the Brettschneider-Trettn Funeral Home after 3 p.m. Wednesday.

A Student Court has been established at Appleton High School to act as the voice of the students in dealing with violations of student rules, ranging from hall loitering to illegal leaving of the school building. Members of the court, facing the unidentified defendant in

Wayne W. Benson, now principal of Washington Junior High School Racine, has been appointed the first principal of Appleton's new Einstein Junior High School, which will open next fall.

Benson will begin work in the new post July 1. He has a bachelor's degree from Wisconsin State University - La Crosse and a master's degree from the University of Wisconsin, and has taught in Riverside, Calif., and Racine.

KAUKAUNA — The annual cup cake day sale will be held at the school Friday, according to Mrs. Merritt Kavanaugh and Mrs. Milton Daanen, co-chairman of the Home-School cup cake day committee.

Cup cakes will be sold school children in their classrooms while the public may purchase unexpectedly Monday afternoon cupcakes in the school cafeteria and conferred with Assistant throughout the day. Parents of Dist. Atty. Jerome Block before his arraignment. Porath was represented by attorney Simon Horwitz of Oshkosh.

School Board Reverses Stand, No Carpeting for Junior High

Council Request, Objections by Citizen Result in Cancellation

The Appleton Board of Education, taking consideration of a council request and objections received from residents Monday night, reversed a previous stand and cancelled its order for carpeting for a portion of the new Einstein Junior High School.

The original motion by Kenneth Sager for a change order, adopted a resolution requesting substituting carpeting for tile at a cost of \$5,400 compared to its carpeting purchase. Council \$807 for tile was lost by a 6-1 vote upon reconsideration. Only difference.

Educational Factor
In the discussion Sager reiterated his stand declaring the educational factor of the experimental purchase outweighed the cost factor. Mrs. Walter Heil suggested that the board represent the people and there seemed to be strong feeling against the purchase.

That doesn't make it right," John Schneider interjected. "I haven't ever had many calls agreeing with my action as a board member. Mostly you hear from those who disagree."

Summitt suggested that with library discipline and acoustical treatment, the noise factor wasn't serious. Dr. Whitney questioned the forecast of 20 year carpet life agreeing to nine years as a more realistic figure. He pointed out that carpeting was considered in the original recommendations by the architect but had been rejected. It wasn't in the specifications presented to the council for approval.

Not Telling
Ald. Alvin E. Tews (5) members of the council's school advisory committee, emphasized that the council was not telling the board but merely advising or asking the board to reconsider. He said he had received many phone calls in protest.

'It might be a good move,' Turn to Page 3 Col. 1

Slippery Roads Result in Mishap

KIMBERLY — Several hundred dollars damage was reported but no one injured in a car accident at Kimberly Avenue and Main Street about 10:40 p.m. Sunday according to village police.

John W. Harke, 18, 918 Kimberly Ave., Kimberly, told police, he stopped at the five children perished in an intersection, saw a vehicle by house fire Jan. 30 reported. Timothy Lamers, 18, 136 E. Main St., Little Chute, approaching and felt he had time to make it through the intersection in time to avoid the mishap.

When he started forward the wheels began spinning on a thin layer of ice which prevented him from getting through the intersection in time to avoid the mishap.

Probe of Personnel Problem Supported

Supervisors Approve Start of Appleton Port Annexation Procedure

County Control Wouldn't Change If Area Becomes Part of City

City of Appleton was one step closer to acquiring the Outagamie County Airport site shortly before noon when county board supervisors gave unanimous consent to begin annexation procedures.

The airport presently in Town of Grand Chute northeast of the city limits will be abandoned when operations begin at the Town of Greenville airport site.

Supervisors were cautious after hearing Appleton officials discussing planned development of the area but were ready to give consent when it was learned that the area did not have to be developed immediately.

One supervisor asked if the county maintained ownership of the airport acreage even after it was moved within the city limits and he was assured by both Appleton and county officials that there would be no loss of ownership or control by the move.

Land Development
Town of Grand Chute Chairman Arthur Lecker expressed concern that the county was going into a land development business and asked whether the move would be a good one. Board Chairman Alvin Fulcer, however, said the question of development was not being considered by the board today.

Holy Cross School Sets Cup Cake Sale
KAUKAUNA — The annual cup cake day sale will be held at the school Friday, according to Mrs. Merritt Kavanaugh and Mrs. Milton Daanen, co-chairman of the Home-School cup cake day committee.

Cup cakes will be sold school children in their classrooms while the public may purchase unexpectedly Monday afternoon cupcakes in the school cafeteria and conferred with Assistant throughout the day. Parents of Dist. Atty. Jerome Block before his arraignment. Porath was represented by attorney Simon Horwitz of Oshkosh.

Several other supervisors said the move to annex the property would be appealing as a selling point for a prospective developer. And Appleton officials who gave a lengthy presentation on the costs and planning indicated that the city was anxious to have the area and to have it properly planned in compliance with regional planning concepts.

A Kaukauna supervisor, Russell DeLaHunt, raised the question of having the area developed as a possible city-county complex somewhat similar to that being planned in the Jones Park area by city officials.

Porath was charged by Dist. Atty. Nick F. Schaefer with evasion of state taxes in the years 1959 and 1962. Porath will face trial April 28 in Outagamie County Court Branch 2, and is presently free on \$1,000 bond.

Porath was recently disbarred by the state bar commission because of the way he handled several recent cases.

Schaefer said Porath appeared at the Outagamie courthouse unexpectedly Monday afternoon and conferred with Assistant throughout the day. Parents of Dist. Atty. Jerome Block before his arraignment. Porath was represented by attorney Simon Horwitz of Oshkosh.

Grand Chute May Establish Police Force

Town Criticized for Not Having Its Own Protection System

Town of Grand Chute residents may be considering hiring a police chief and establishing a police department. Town Chairman Arthur Lecker revealed this morning after his township was criticized for its lack of law enforcement.

Lecker said the township's two constables are on call around the clock but said he is planning to discuss the development of a police department during the town's annual spring meeting in April.

Outagamie County Sheriff Calvin Spice and other supervisors were critical of the workload presented on the county sheriff's department of complaints which originate in the Town of Grand Chute which must be handled by sheriff department authorities.

Staff Overloaded
The discussion followed introduction of a resolution by the sheriff and courts committee requesting a full time process server to be hired by the sheriff's department to relieve Undersheriff Norbert Marx for investigation work.

Spice said complaints have doubled in the past two years, and his investigation staff is overloaded. He told county supervisors that most of the serious burglary entry and theft complaints originate in the Town of Grand Chute.

Little Chute Village Chairman Paul Kostka said that it was time some of the larger townships get their own protection.

He cited Grand Chute for example and said the area has experienced rapid industrial growth in the past few years and should be serviced by more than two constables.

Supervisors did not act on the resolution but requested the application for a fulltime process server be resubmitted later this afternoon after it is rewritten.

Supv. Norman Bever, Appleton 20th, objected to wording in the resolution giving Spice power to provide process service through Outagamie County traffic patrolmen. The wording will be changed in the new resolution.

Funds Collected for Man Who Lost Family In Green Bay Fire

GREEN BAY (AP)— A committee which launched a drive to aid a man whose wife and five children perished in a house fire Jan. 30 reported Monday that it had received \$3,348 in contributions.

The committee said that \$2,218 was used for funeral expenses for Mrs. Eugene Kager, 28, who was burned and injured in the blaze.

When he started forward the wheels began spinning on a thin layer of ice which prevented him from getting through the intersection in time to avoid the mishap.

Board Okays Change For AVS Boundaries

Action Is Final Step Making Vocational District Contiguous With Appleton Schools

Expansion of the Appletoned in the district. Costs of Vocational and Adult School operating the vocational school boundaries to coincide with will be shared by each on their those of the Appleton Public proportion of the true assessed School district was approved by value of the entire district.

Under the present setup town-ship residents paid a tuition fee for AVS services. Menasha, Neenah and other communities have taken similar action mak-

ing the boundaries of their public and vocational schools contiguous.

Regional School
The action also clears the way to develop a regional technical school, Supt. William H. Spears pointed out. Work on the proposed technical school is being advanced by the vocational boards of Appleton, Menasha, Neenah, Kimberly and Kaukauna.

Approval was given the Sky-lite Theater of Milwaukee for use of the Madison Junior High School auditorium March 5 with William Cherkasky as sponsor. The non-profit group will present the Gilbert and Sullivan operetta "Pirates of Penzance."

Einstein Junior High School building accounts of \$79,666 were paid along with \$53,237 in general fund accounts.

Hepatitis Vaccine Given 600 Soldiers
SAN ANTONIO, Tex. (AP) — of Appleton High School-East by Architect Raymond LeVee met with varied response as the more than 600 soldiers at Ft. Appleton Board of Education heard a review of plans for the new school Monday night.

LeVee suggested six locations for statuary in the 785-seat auditorium, for statuary against the background of the brick west wall of the shop section and for an art display area

that the new YMCA pool would be according to Olympic specifications if ever there were need for such a facility. The pool is so constructed that it can be closed off from the rest of the school, permitting recreation use in the evening or in summer when school is not in session.

The gymnasium will have a wood floor. Asphalt and some vinyl tile will be used in other sections, and aisles in the auditorium will be carpeted. The academic and fine arts-administration sections will have facilities for both heating and cooling the rooms with controls to limit the areas.

Lighting is designed to provide a 75 foot candle level at desk top from hanging fixtures. Schneider said that the same type fixtures had been used the last 35 years and suggested recessed fixtures. LeVee said that an alternate bid for such lighting could be taken.

Improvements Planned Near JFK Grave
WASHINGTON (AP) — President Johnson has asked Congress for \$1.77 million to make

improvements near the grave of President John F. Kennedy. The White House said the money would be used for walks, around the central wall of the platforms and other facilities designed to accommodate the large number of visitors to the grave.

Improvements in the immediate area of the grave also are being planned. These will be paid for by the Kennedy family at a cost estimated at \$309,000.

French Move to Make Eiffel Tower Free From Suicides
PARIS, France (AP) — Authorities have moved to make the Eiffel Tower — one of the capital's foremost tourist attractions — suicide-proof.

Teacher Pay Report Readied For Discussion

Committee to Present Findings to Appleton School Board

A report from the professional school committee on the teacher salary schedule probably will be ready at the next meeting of the Appleton Board of Education, Roy Whitney, committee chairman, reported Monday night.

The next meeting will be Monday night rather than Feb. 22.

In response to a delegation from the Appleton Badminton Club, sponsored by the recreation department, the board agreed to ask William Pickett, physical education director, for a study on the comparative merits of regular hardwood, hardwood tile, vinyl tile and asphalt tile for the gymnasium floor of Einstein Junior High School.

Time Problem
The architects will be asked for a cost comparison. William H. Spears, superintendent of schools, pointed out there was a time problem in making any changes in the school now under construction. There also would be a structural problem because of differences in thickness of the various surfaces.

The badminton group, speaking also for the volleyball and basketball groups, maintained there were more accidents on asphalt over concrete floors and raised the question of fatigue. They declared the asphalt could be damaging to the children who use the floor daily. They asked the board to consider a wood tile floor or regular wood flooring.

The possibility of state and national tournaments in Appleton with adequate playing facilities was suggested by the badminton group. Board response was that, while community use was kept in mind, costs must be justified on the basis of the school program.

Improvements near the grave of President John F. Kennedy. The White House said the money would be used for walks, around the central wall of the platforms and other facilities designed to accommodate the large number of visitors to the grave.

Market Holds Higher Ground

Trading Reported Fairly Active as Stocks Recover

NEW YORK (AP) — The stock market recovered its upward stride and held moderately higher ground early this afternoon. Trading was fairly active.

The steel group was a pacesetter. Aircrafts were a bit higher. Oils and electronics were other buying factors.

Strength came to steels as the United Steelworkers balloted in the climax of a lively contest for the top union offices. Wall Streeters said investors apparently felt David J. McDonald, USW president, would win reelection.

Aircrafts and aerospace issues were attracting attention at least partly because of the news from Viet Nam. Analysts said it focused favorable thinking on prospects of these stocks.

The market moved upwards almost immediately after the opening and then levelled off a bit toward noon.

The Associated Press average of 60 stocks at noon was up .8 at 336.5, with industrials up 1.4, rails off .1 and utilities up .6.

The Dow Jones industrial average at noon was 2.30 higher at 900.19 after a gain that at one point reached 3.44.

Twin City Bowler Just Misses With 299 Line
NEENAH — Earl Hintz Jr. came within one stick of the season's third perfect game at Lakewood Lanes when he authored a 299 in the Fox Cities Men's League Monday night.
Hintz also powered games of 266 and 212, finishing with a 648 series, in the Monday Nite Fun League at the Neenah lanes.
The young kegler shared Fox Cities League honors with Keith Gehring, who came within two pins of his fifth national honor count of the campaign on games of 257, 193 and 248 for a 698 trio.
Hintz left the 10-pin on the final ball of his near-perfect effort. It wiggled but remained upright. He only averaged about 185 in his other two games and settled for a 689.
Appleton Sporting Goods leads with 66 points. Century Elm has 63 and Larry's TV 55.

(the carpet purchase) but since the criticism is almost 100 per cent against, it seems the people are not ready. Maybe the school system shouldn't be the guinea pig in the experiment," Tews said.

Sager questioned the democratic processes of one governmental unit attempting to influence another. "Would you reconsider if the school board questioned the city garage?" he asked.

"We often do reconsider but don't often change," Tews replied. He suggested that the carpeting experiment might be better tried at the high school level.

Reverse cooperation was requested when a drainage problem at the senior high school athletic field onto lots on the west side of Mason Street was introduced.

"It is a problem of long standing," Tews declared. The area is in his ward. He said that Feb. 7, 1964, which was less than three months after he was granted a divorce. They were married in Menominee, Mich.

At the suggestion of Whitney the board decided to ask the department of public works to work with William R. Knuth, school director of business affairs, in an attempt to reach a solution.

2 Divorces, One Annulment Given Twin City People

OSHKOSH — Two divorces and one annulment were granted Monday by Circuit Judge Arnold J. Cane in three Twin City cases.

The annulment was granted to Phyllis R. Leitzke, 38, from

Education Group To Learn About Existentialism

KAUKAUNA — Existentialism will be the topic for study by the Adult Education series group being conducted at 7 p.m. Wednesday at Kaukauna High School, sponsored jointly by the school and Kaukauna Public Library.

Guest lecturer and discussion leader will be Mrs. Philip Weiner, Lawrence University graduate. Mrs. Weiner, who is a member of Phi Beta Kappa, graduated magna cum laude on the basis of an honors paper she wrote exploring the many facets of existentialism.

After presenting the background and history of the topic, she will relate the life of Jean Paul Sartre. By outlining his philosophy, she will touch on such highlights of existentialism as existence proceeds essence, freedom and responsibility, authentic existence and bad faith versus good faith.

A French film version of one of Sartre's plays will be presented. Set in Central Europe, the film revolves around the struggle between idealism and survival.

Jacque H. Leitzke, 35, both of Neenah. They were married Feb. 7, 1964, which was less than three months after he was granted a divorce. They were married in Menominee, Mich. She was restored her former name of Mattern.

Arlene Hauke, 24, was granted a divorce from Gene Hauke, 27, on her charge of cruel and inhuman treatment. Both are from Menasha. They were married in Dubuque, Iowa, July 15, 1958, and separated Aug. 1, 1964. He is to pay \$5 a week alimony and \$20 a week support for their three minor children. A property settlement also was arranged.

Shirley Robinson, 38, Neenah, was granted a divorce from William R. Robinson, 41, Neenah, on her charge of cruel and inhuman treatment. They were married in Dubuque, Iowa, July 1, 1946, and separated Aug. 1, 1964. He is to pay \$32.2 a month for support of their one minor child. A property settlement also was arranged.

Personnel Probe Backed By Chairman

CONTINUED FROM PAGE 1

bears investigating," Krueger commented.

Krueger said if the council accepts Hassler's resignation when it meets next week, his committee would move rapidly to assist with filling the vacancy.

Krueger said Appleton needed a finance director. Hassler's resignation may come up for discussion when the committee meets next Monday night.

The hope that Hassler may reconsider his resignation was expressed by Ald. Kenneth Loos (3rd) council president, who said he was not aware of all the details surrounding the finance director's decision to step down.

Loos said he thought Hassler's resignation would be brought up for discussion on the council floor next week.

Need Director
"I strongly feel that we should continue to have a finance director," Loos said. A city the size of Appleton cannot afford not to have one.

Ald. Harold Hannemann (10th) finance committee chairman said Hassler's announcement came as a surprise because he had never given any indication of resigning.

I am sorry to see this happen just at a time when the office was really functioning and the director was getting accustomed to municipal work," Hannemann commented.

Hannemann said he talked with Hassler after the resignation announcement. He gave this matter thought and it appears his mind is made up," Hannemann said.

Hannemann agreed with Krueger and Loos that Appleton should continue to have a finance director.

I helped push for creating the new position more than a year ago and feel that a finance director is definitely needed because the operation on this city is big business," Hannemann said.

Mayor Mitchell has not indicated how he intends to pursue his investigation.

and green as its colors and a symbol consisting of a red heart transversed by the Fox River. Mr. and Mrs. John Van Munn and Mr. and Mrs. Richard Lamers were named to the program committee to be assisted by Myron Huth, vice president.

Mr. and Mrs. Norbert Vosters were on hand to hear a report and Mr. and Mrs. Anthony Van Hout were named to the re-chapter directors given by Van Hout and Peter Roovers, local secretary. A constitution and by laws was accepted in which the official name was adopted. The chapter selected yellow

Raymond Wyngaard Is Sentenced for Robbery

Former Appleton Man Was on Most Wanted List of the FBI Before His Recent Capture

Raymond L. Wyngaard, 27, Prichard, 32, was captured a few days later in the Detroit area. The FBI placed Wyngaard on its most wanted list in October and was captured in a Hollywood fashion trap in Madison Monday where Wyngaard was to 25 to 40 years imprisonment on an armed robbery charge in course and where he had been living since his escape from the Detroit area.

Wyngaard was taken into custody by agents who followed him and companion escaped, shot his taxi cab from a train station it out with Detroit police at a roadblock, held several office workers hostage for several hours and held up a liquor and a gun store.

Wyngaard's accomplice, Carl has served terms in the county jail, the reformatory and in the state prison at Waupun.

Village PTA Panel To Discuss Merits Of Sparing Child

KIMBERLY — "Shall We Spare The Rod" will be the topic of a panel discussion at a meeting of Parent Teacher Associations of Combine dLocks and Kimberly at 8 tonight in the Junior High School auditorium.

Panel members will include the Rev. John Bowe pastor of the First Presbyterian Church, Mrs. William Voights, Richard Andres, parents and Wayne Hall, elementary school principal.

Coffee and lunch will be served after the meeting.

Defenses Stiffened Along Borderline To North Viet Nam

Missile Battalion Put Into Operation by U. S. Marines

SAIGON, South Viet Nam (AP)—U.S. Marines put a battalion of Hawk anti-aircraft missiles in operation today at Da Nang air base and Vietnamese armed forces stiffened defenses along the North Viet Nam border. Qualified sources at Da Nang said F105 jet fighter-bombers carried out heavy raids in Laos Monday shortly after Vietnamese and American aircraft struck at North Viet Nam.

The sources said raids against North Viet Nam have halted, at least temporarily. The raids against Communist supply lines in Laos are expected to continue as they have for more than a month.

Raid Results

There were no immediate reports on results of the raids into Laos. Heavy fighting continued in South Viet Nam today and a U.S. helicopter crew member

Chinese Make Run on Banks In Hong Kong

HONG KONG (AP)—Panic-stricken Chinese made runs on five Hong Kong Chinese banks today and the colonial government ordered huge shipments of sterling notes from London to meet the emergency.

The government clamped a 100 Hong Kong dollars — \$17.50 U.S. — limit on all withdrawals until the shipments arrive.

Colonial Financial Secretary J.J. Cowperthwaite told a news conference the runs were started by rumors and a temporary physical shortage of bank notes.

"But the government," he said, "is satisfied that the five banks under pressure are actually in sound financial condition."

Banking circles said rumors that the banks were in shaky condition spread quickly through the Chinese community. "And then," said one banker whose own bank is under no pressure, "when the banks did not have enough currency on hand to immediately pay stamping depositors, this added pressure and increased the run."

He said the banks had tied up large amounts of loans to building and manufacturing industries.

Defense Officials To Study New Use of Truax

MADISON (AP)—The State Department of Resource Development has been informed that Defense Department officials will visit Madison Feb. 16-17 to consider possible new uses for the Truax Air Force Base.

The Washington delegation, headed by Donald Bradford, director of the Office of Economic Adjustments in the Defense Department, will meet with Gov. Warren Knowles and Madison officials.

The Defense Department announced last November that the Air Force will deactivate Truax in the next two or three years.

The Resource Development Department has proposed conversion of Truax into a federally financed training center in vocational skills. Other agencies have suggested use of the base as a site for University of Wisconsin expansion or for industrial development.

Report Plane Fired On Japanese Ship

TOKYO (AP)—An unidentified plane fired on a small Japanese freighter in the Bashi Channel between Formosa and the Philippines on the night of Jan. 31, the Tokyo paper Yomiuri reported today.

None of the 26 crewmen aboard the 1,232-ton Senyo Maru, was injured, the paper said. The incident came to light when a seamen's association asked for an investigation.

Freezing Rain Brings Warning To Drivers

Hazardous Travel Predicted for State, Fox Valley Highways

Hazardous driving warnings brought on by freezing rain tonight are broadcast for the Fox Cities and the rest of the state.

A Monday high of 28 degrees and a low of 17 degrees was enough to decrease the amount of snow on the ground from 5 inches to one-half inch. Temperature at 10 a.m. today was 28 degrees and skies were heavily overcast.

The latest blast of unpleasant winter weather came on the heels of Monday's sunny conditions when temperatures ranged from 29 at Beloit and Lone Rock to 17 at Park Falls and Superior.

Superior Low

During the night, the mercury reached a low of eight below zero at Superior. Wausau reported 12, Burlington and Eau Claire 13, Park Falls 14, Madison 15, Lone Rock and Green Bay 16, Racine 19, Beloit 25 and Milwaukee 26.

Snowfall this morning covered the western third of the state. Freezing drizzle was falling in the extreme southwestern corner.

Pellston, Mich., set the nation's low of four below zero early today, compared with a high of 85 Monday at Clewiston and Fort Myers, Fla.

Rain drenched central Texas today as thunderstorms rolled from Texas to Tennessee.

The Weather Bureau said the thunderstorms were spawned by a storm that developed after a turn to Page 10, Col. 1

Floods, Winds Hit Fiji Island Area

SUVA, Fiji (AP)—Fiji is grappling with widespread floods after a hurricane which devastated villages and flattened copra and banana plantations.

The floods followed torrential rain. In one area near Suva, the rain measured 31 inches in 24 hours.

An unknown number of persons have been swept away in the raging torrent of the River Rewa, largest river in Fiji.

Man Seen Fleeing Blood-Spattered Room

Police Suspect Murder, but Find No Body

SAN ANTONIO, Tex. (AP)—Police said today that almost certainly someone died in that downtown hotel room. But they could find no body.

A maid, Maria Guerra, said she opened the door to a sixth floor hotel room early today and found it splattered with blood. She said a man in

his mid 20s was tying up a blood-stained bundle.

The maid screamed and ran out. The young man fled.

Dr. Ruben Santos, medical examiner, confirmed that the blood came from a human.

"Whoever lost that much blood didn't walk out," Santos said. Blood coated the bath tub in the room. The carpet

was blood-stained. Officers found one .22 caliber cartridge and a .22-caliber slug in the wall.

Santos theorized that the body, if there was one, might have been hacked up.

Police searched the hotel without success, and issued an alert seeking an out-of-state man who was registered in the room.

U. S. Charged With Aggression

Red China Hurls 1st Threat Of Retaliation in Viet Nam

TOKYO (AP)—Communist China today became the first of Hanoi's allies to hurl the threat of retaliation for U.S. and South Vietnamese air strikes against North Viet Nam.

It came in an editorial in the Peking Peoples' Daily which said the air attacks "have to be repaid."

"We warn U.S. imperialism... we are waiting for you in battle array. If you insist on imposing the war on us, heavy rebuffs are in store for you," the paper said.

"Debts are debts and they must be repaid. When debts accumulate, they will have to be repaid at compound interest."

The editorial said it was broadcast by Radio Peking.

Earlier, a Peking government statement said "aggression by the United States" against North Viet Nam means "aggression against China."

"China and Viet Nam are closely related like the lips and the teeth," the statement said. It was broadcast by Radio Peking.

Mass rallies The New China News Agency reported that "hundreds of thousands" of demonstrators,

Air Force Maj. J. Gordon Cooper, left, and Navy Lt. Cmdr. Charles Conrad Jr., second from left, have been named to fly the seven-day Gemini space flight, probably this fall. The backup crew will be two civilians,

Elliott M. See Jr., second from right, and Neil A. Armstrong, right. Cooper was a member of the original seven-man Mercury astronaut crew. The others were in a trainee group named in 1962. (AP Wirephoto)

Ships Searching Plane Crash Area For Bodies

84 Persons Were Aboard Flight From New York as It Plunged Into Atlantic

NEW YORK (AP)—A flotilla of ships criss-crossed the calm and sun-brightened sea off Jones Beach today in a search for bodies and debris from the crash of an airliner. Eighty-four persons were aboard the Eastern Air Lines DC7B, a four-engine propeller plane, when it dived into the Atlantic minutes after taking off from Kennedy Airport.

No one survived the crash of the 52-ton airliner. A geyser of flames signaled the tragedy to watchers on shore some eight miles away.

Mute Testimony

By daybreak, searchers had recovered seven bodies. Mutilated parts of other bodies and fragments of wreckage gave mute testimony to the force of the impact.

Thirteen Coast Guard vessels searched a 200-square-mile area off Long Island's South Shore. Three seaplanes and three helicopters flew patterns over the scene.

Along 40 miles of beach, shore patrols collected debris that washed ashore.

There was no immediate hint of what caused the tragedy.

Weather Good

The weather was good, there was no hint of sabotage, and everything had seemed normal as the plane soared off Monday night from Kennedy International Airport, a federal official said.

There was no radio word of distress from the crew. It should have been a fine trip for Flight 663 to Richmond, Va.; Charlotte, N.C.; Greenville-Spartanburg, S.C.; and Atlanta, Ga.

The four-engine, propeller-driven plane went down about five minutes after its 6:20 p.m. takeoff, dropping 3,700 feet into the dark calm sea. It was 14 miles from the airport, and about eight miles off Jones Beach, a deserted summer

playground on Long Island's south shore.

The crews of two other airliners saw the crash.

William Lamb of the Civil Aeronautics Board said an Air Canada crew reported "an explosion in the ocean," and a Pan American flight saw the plane

Polaris Called Best Deterrent To World War

LONDON (AP)—Northern Ireland — A British admiral said today that nuclear submarines carrying Polaris missiles are the best deterrent in the world at this moment.

Adm. Sir Charles Madden made the statement to reporters before opening a conference of 150 delegates from 12 North Atlantic Treaty Organization nations assembled here for a three-day antisubmarine warfare discussion. All NATO countries, except Iceland, Turkey

and Luxembourg, were represented.

"The submarine threat to NATO sea communications is often obscured by the more dramatic nuclear aspects of modern warfare. However, since World War II, submarine performance has increased in range, accuracy and the destructive capability of their weapons is greater than ever," Madden said.

This, he said, threw down an enormous challenge to NATO's antisubmarine warfare forces.

980,000 Steelworkers Electing New Officials BY THE ASSOCIATED PRESS

Facts — Quadrennial election involves some 980,000 United Steelworkers Union members in 3,300 locals in United States and Canada.

Term — Four years, effective June 1, 1965.

Candidates for president: David J. McDonald, 62, incumbent, Pittsburgh; I. W. Abel, 56, incumbent secretary-treasurer, Pittsburgh.

For vice president: Howard Hague, incumbent, Pittsburgh, X; Joseph Malony, Buffalo, N.Y.

For secretary-treasurer: Albert Whitehouse, Cincinnati, Ohio, X; Walter J. Burke, Milwaukee, Wis., X; McDonald slate.

Salaries: President \$50,000 annually. Vice president and secretary-treasurer \$30,000 annually.

Closed Briefing Scheduled

Congress Awaiting New Reports Before Conference on Viet Nam

WASHINGTON (AP)—Congress scheduled an afternoon report to the GOP Policy Committee. He Monday that the time is here for a full-scale inquiry into security precautions and the lack of them in Viet Nam," Senate Democratic Leader Mike Mansfield of Montana cautioned against hasty investigations.

"I doubt that it would be wise to move into any investigation at such a critical point in international affairs," Mansfield said in an interview.

Although many members of Congress backed the President, there were voices raised against what some members regarded as a collision course with the Communists that might threaten nuclear war.

Rep. John V. Lindsay of New York, a leader of House Republicans, called on Johnson to take the initiative in preventing "this miserable war" in Viet Nam from involving "the entire globe in a conflict of arms."

Lindsay told the House Monday there are likely to be "more strikes and counterstrikes... until the involvement that is euphemistically known as 'military support' becomes a naked U.S. war."

He said he wasn't proposing that "we pick up and walk out of Viet Nam tomorrow morning," but was suggesting that "heads of state display some willingness to communicate with each other" to prevent the spreading of the war.

As the security men put him on a London-bound plane, he said, he offered a penny to a French security official and said:

"Give that to President Charles de Gaulle because the French government is worth less than an English penny."

The Frenchman refused to take the coin and Malcolm X said he flung it to the ground.

"I was shocked. I thought I was in South Africa. They let Congolese Premier Moïse Tshombe in. He's the worst person on earth and he's De Gaulle's friend," Malcolm X said.

He said he was given no reason why he was barred from France.

As the security men put him on a London-bound plane, he said, he offered a penny to a French security official and said:

"Give that to President Charles de Gaulle because the French government is worth less than an English penny."

The Frenchman refused to take the coin and Malcolm X said he flung it to the ground.

Malcolm X Turned Away From France

LONDON (AP)—Malcolm X, the former Black Muslim leader in the United States, returned to London today from Paris, where French security officials refused to allow him to enter.

He was to have addressed a rally tonight sponsored by American Negroes and whites in Paris.

He said he was given no reason why he was barred from France.

As the security men put him on a London-bound plane, he said, he offered a penny to a French security official and said:

"Give that to President Charles de Gaulle because the French government is worth less than an English penny."

Hazardous Driving Warnings Posted

Fox Cities — Hazardous driving warning. Cloudy and warmer with freezing rain this evening turning to rain tonight with temperatures holding steady in the low or middle 30's. Wednesday, cloudy with occasional light snow and turning colder; temperatures holding steady in the low 30's or falling slowly. Moderate northeasterly winds becoming northerly Wednesday.

Appleton — Observations at 10 a.m. today. Temperatures for the 24 hours: High: 28, low: 17. Wind: 8 miles an hour out of the southeast. Barometer: 30.18 and falling. Relative humidity: 78. Dew point: 25. Temperature: 28. Skies are cloudy.

Sun sets at 5:13 p.m., rises Wednesday at 7:01 a.m.

New London Graduates Leave District

Survey Shows Only 26 Stayed in Area; 57 Attend Schools

NEW LONDON — Only 26 of the 135 graduates of Washington High School last spring are employed in New London or the school district, the Job Opportunity Survey by the guidance department shows.

The first figures to be used in the survey, part of the Fox Valley Curriculum Council's study on non-college bound students, have been released. The survey covers what 1964 graduates are doing and where they are.

Marion Huppler, guidance counselor at the school, said the Fox Valley Council includes about 25 schools in a survey of job opportunities. The study also is included in the school district survey being conducted by Huppler and J. N. Wells.

57 in Schools

The figures show that 57 students are in colleges, universities and specialized schools.

Secretarial and clerical work has claimed 17 of the 1964 graduates, with 10 working out of town, four in the city and three at New London Community Hospital.

There are 31 graduates working in factories, with 19 out of the school district.

15 in Service

Top employer on the list is the Armed Forces, with 15 graduates enlisted in four branches of service.

Wells said returns from employers in the survey being taken of district businesses had come in well at first, but replies had slackened during the past two weeks.

Hilbert Legion Plans 'Dress-Up' Party on Feb. 20

HILBERT — The Kups-Brockman American Legion Post made plans Thursday for the annual "Dress Up" party at 8:30 p.m. Feb. 20, at Pete and Louie's Hall here.

The annual event which features former servicemen attending in uniform, is open to all who have served in any branch of service including non-legionnaires.

Ivan Novak is chairman. Reservations may be made with H. D. McWilliams, Hilbert, by Feb. 17.

The group will seek permission to sponsor a band concert during the summer as a fund-raising project and hold a social with its auxiliary unit.

Four teams were entered in the county bowling tournament at Sherwood.

The post will play host to the Calumet County American Legion Council, Feb. 25, at the village hall.

Improvements Planned Near JFK Grave

WASHINGTON (AP) — President Johnson has asked Congress for \$1.77 million to make improvements near the grave of President John F. Kennedy.

The White House said the money would be used for walks, platforms and other facilities designed to accommodate the large number of visitors to the grave.

Improvements in the immediate area of the grave also are being planned. These will be paid for by the Kennedy family at a cost estimated at \$309,000.

Hepatitis Vaccine Given 600 Soldiers

SAN ANTONIO, Tex. (AP) — Inoculations against infectious hepatitis were administered to more than 600 soldiers at Ft. Sam Houston during the weekend.

A spokesman for the 4th Army said the mass inoculation was ordered after a baker who had cooked at two mess halls was admitted to Brooke General Hospital.

Ice in the Wolf River's Main Channel won't support a car, three New London residents learned Sunday. The car, driven by Melvin White, 214 St. John Place, New London, settled in about three feet of water after breaking through. The occupants escaped, wet but unhurt. (Post-Crescent Photo)

Jail Plan Selected

13-Acre Site Suggested In Waupaca

WAUPACA — Construction of a one-story, 34-cell jail was recommended by the special jail building committee to the county board of supervisors at its meeting today.

The single story design, which would be located on a 13-acre site known as the Cartwright property on the eastern edge of the city, was selected from three designs submitted to the committee by Green Bay architect Robert Surplice.

Estimated cost of the one-story structure was set at \$318,615. The other two plans called for construction of the jail on the courthouse square. One of the designs was for a \$352,000 two-story structure which would be attached to the south side of the courthouse. The final plan called for a three-story building on the courthouse parking lot for a cost of \$452,000.

Present All Plans

Six jail building committee members voted in favor of the recommendation while Waldemar Johnson, Waupaca (2nd) voted against the plan and suggested all three of the plans be presented to the board.

Reasons given for making the selection were that the one-story building would be the least expensive, would provide more parking, have room for expansion, have a better floor plan, would require fewer employees to operate and would have space for court room and other agency offices.

The proposed site on the south

side of Royalton Street, is will not be interested in having owned by Earl Cartwright and police headquarters located in can be purchased for \$25,500.

The county now has an option to purchase the property. It was pointed out at the meeting that with the land located on the banks of the Waupaca River, some of the river lots can be sold to offset the original cost of the property.

The architect and state Jail Inspector V. A. Verhulst favored the one-story design.

Police Statement

Waupaca Mayor Lloyd Matheson and Ald. Edward Spanbauer, (2nd), also were present at the meeting and did not object to the recommendation for a one-story building but renewed their statement that if the jail is built away from Main Street the city

will not be interested in having owned by Earl Cartwright and police headquarters located in can be purchased for \$25,500.

Utility Firm Asks to Install Natural Gas at Hilbert

Franchise Is Sought From Board

HILBERT — Wisconsin Public Service Corp. has asked the village board for a franchise to service the village with natural gas.

Howard Schuch, Chilton, local representative of the utility company, told the board at its February meeting that Wisconsin Public Service Corp. was preparing applications for gas line extension projects elsewhere and wanted to incorporate Hilbert into the proposal.

Applications for natural gas service extension require Public Service Commission approval after the community to be served awards the franchise, Schuch said.

No Action

Schuch's request got no immediate action. Trustees felt that eventually village residents would request natural gas but rights belong to Wisconsin Michigan Power Co. The Appleton-based firm now provides the community with electrical power. The question was raised by Vernon Schomburg who was named to head a committee instructed to contact Wisconsin Michigan.

Officials of Wisconsin Michigan said today they had conferred with village representatives. They thanked the board for considering the company but added they felt the community should be served in the most efficient manner possible. Wisconsin-Michigan has no natural gas distribution system near the

Slippery Roads Result in Mishap

KIMBERLY — Several hundred dollars damage was reported, but no one injured in a 2-car accident at Kimberly Avenue and Main Street about 10:40 p.m. Sunday, according to village police.

John W. Harke, 18, 918 Kimberly Ave., Kimberly, told police, he stopped at the intersection, saw a vehicle by Timothy Lamers, 18, 136 E. Main St., Little Chute, approaching and felt he had time to make it through the intersection.

When he started forward the wheels began spinning on a thin layer of ice which prevented him from getting through the intersection in time to avoid the mishap.

Bill Mauldin Gathers Cartoon Material in South Viet Nam

Bill Mauldin, Post-Crescent syndicated editorial cartoonist, found an American soldier badly wounded by mortar frag material for cartoons on the war there.

They will be similar to the ones he did during World War II, entitled "Willie and Joe." Mauldin was visiting his son, Bruce, 22, a helicopter pilot, at an airfield near Pleiku when the Communists made a daring attack Sunday by placing satchels of explosives against a concrete wall.

His account of what happened follows.

Attack Began

"The attack began as the Americans slept. "This thing woke me up about 2 a.m., the cartoonist said. "Col. Hughes (Lt. Col. John C. Hughes of Herrin, Ill.) dashed out to go to work, and I dashed out to take care of myself.

CLINTONVILLE — Fidelity Rebekah Lodge will sponsor a public card party at 2 p.m. Wednesday in Odd Fellows Hall. Lunch will be served.

Board of Health Approves

Chilton Begins Using Water Supplied by Its New Well

CHILTON — The long awaited No. 1 pumping station. The old granite-type gravel was poured Webster-Douglas Street well be-

well had been closed because of contamination from gasoline. The city attempted to economize on a new well by utilizing existing equipment.

Problems arose when the well began filling in with decomposed limestone. When a seal could not be successfully effected, the site was moved approximately 10 feet to the west and drilling was resumed only to that the city look into new location sites as now five wells are pumping water from the same area. Therefore it is 107-foot depth to the 137-foot imperative that a new supply be drilled to filter out the fine sand, he said. Possible solution like material sifted into the well. In addition a still in the discussion stage.

This fifth operating city well pumps water into the reconditioned No. 1 pumping station at the rate of 150 gallons-per-minute, said Walter Muehl, city director of public works. Muehl said it will not, however, solve Chilton's acute water problem. The well has undergone a series of tests and its water quality and construction gained approval of the State Board of Health. Final approval came Monday.

Began in 1963

Putting this well into operation climaxed work that began in October 1963, when Chilton was given the okay from the state to attempt developing a new water source from the well drilled that summer at the Webster-Douglas site.

This location was selected because of its proximity to the

Raymond Wyngaard Is Sentenced for Robbery

Former Appleton Man Was on Most Wanted List of the FBI Before His Recent Capture

Raymond L. Wyngaard, 27, former Appleton resident whose brief listing on the Federal Bureau of Investigation's 10 "most wanted" list was responsible for his capture in custody by agents who followed his taxi cab from a train station where he had met a friend.

Wyngaard began his crime career in Appleton when he was 16 years old by stealing a sweater from a local store. He has served terms in the county jail, the reformatory and in the state prison at Waupun.

Holy Cross School Sets Cup Cake Sale

KAUKAUNA — The annual cup cake day sale will be held at the school Friday, according to Mrs. Merritt Kavanaugh and Mrs. Milton Daanen, co-chairman of the Home-School cup cake day committee.

Cup cakes will be sold school children in their classrooms at the school Friday, according to Mrs. Merritt Kavanaugh and Mrs. Milton Daanen, co-chairman of the Home-School cup cake day committee.

The infirmary was a real and was captured in a Holly-children in their classrooms at the school Friday, according to Mrs. Merritt Kavanaugh and Mrs. Milton Daanen, co-chairman of the Home-School cup cake day committee.

The Harold Dushek Rink, Waupaca, won the annual Waupaca Bonspiel, Sunday, for the fourth straight time. Sam Taylor, left, president of the Waupaca Curling Club, presented trophies to the team members.

They are, from the left, Skip Harold Dushek, Johnny Hansen, Richard E. Johnson and Elmer Dushek. Thirty-six rinks from the United States and Canada participated in the 22nd annual event. (Post-Crescent Photo)

Qualifications Are Only Issue, Wilkus Says

Candidate for Supreme Court Speaks at Shawano

SHAWANO — The only real "issue" involved in election of a State Supreme Court justice — or any judge, for that matter — is who of the candidates is best qualified to sit on a non-partisan, impartial tribunal to pass judgement on his fellow citizens.

This was the opinion expressed here Monday by Sheboygan County Judge Joseph W. Wilkus, a candidate for the Wisconsin Supreme Court, in a talk to the Shawano Club.

Planners of the Wisconsin governmental structure felt it needful to have the selection of certain public officers — including the judiciary — made outside the political party system, Judge Wilkus pointed out. He added, however, the "candidates do keep their eyes on 'block' votes. Thus, the man who is appointed to the bench this, the judiciary has been looks to the membership of his party to support the governor as a political party leader in his choice of filling the vacancy.

Look to Opposition — "Those who run against the appointee as is Judge Wilkus against Justice Nathan Heffernan, weight the chances of votes from the opposition party."

All candidates look to the uncommitted citizens, who carry the balance of power, Judge Wilkus commented.

"In light of the absolute necessity that a member of the judiciary be impartial, uncommitted to any interest or party, I have been bluntly critical of the incumbent — Justice Heffernan — in his bid for supportness of thou shalt and thou shalt from organized labor."

Brillion Bows To Denmark in EWA Action

BRILLION — Brillion lost to Denmark 117-80 in Eastern Wisconsin Amateur League basketball action Saturday night in Denmark.

Don Heimke led the AA's with 24 points followed by Harold (Buck) Edinger with 19. Denmark's Dick Rasmussen led all scorers with 27 points.

Brillion sunk 28 of 47 free throws and had 26 field goals while Denmark collected 23 of 30 gift shots and had 47 field goals.

Next Saturday Brillion will play host to Reedsville in an Athletic Association booster tilt. Reedsville High School's 1946 WIAA State Championship team will play a preliminary game against the Brillion "old timers."

because he said the high court is friendly to labor as well as involving the (Sheboygan) County organization of what was his party," Judge Wilkus said.

Noting that in the last state judicial primary election only about 20 per cent of the state's eligible voters went to the polls, Judge Wilkus said, "In light of this, the judiciary has been called the most tyrannical, the least checked of the three departments of government. Yet it is the intelligently informed voter who carries the power and obligation of control."

Names of Juveniles — Judge Wilkus also spoke to the Shawano Rotary Club at the Bilmay Hotel Monday noon, discussing "Delinquency or Growing Pains?"

Judge Wilkus who has come out strongly in his campaign, and before, against publicizing names of juveniles brought into court said adults "tend to forget the upheavals of emotion, the need to be one of the gang, the need to become lost in the wilderness of thou shalt and thou shalt."

The Clintonville Chapter of the Amerrian Field Service sponsored a public dinner and program at the Veterans Memorial Building, Clintonville, for area AFS exchange students and their American hosts and hostesses. Mrs. James Huffman and her son, John, Clintonville, chat with Geety Aryan of Bahrain Island and John Schilling, Appleton, who was a summer AFS student to Svria and is shown wearing a native costume. Miss Aryan is the first and only one from her country to participate in the AFS program. (Laib Photo)

Boosters and Primary Shots

3-Month Immunization Program Scheduled for Waupaca Children

WAUPACA — An immunization program recommended by the Waupaca County Medical Society is being offered to pre-school through fifth grade children during February, March and April, according to Martha Heigl, Waupaca County Nurse.

Children pre-school through kindergarten will be offered the triple inoculation which contains protection against diphtheria, tetanus and whooping cough. Children who have never had

the protection will need a series of three inoculations, spaced one month apart, Miss Heigl said. Children who have had shots will receive only a booster inoculation. Boosters may be repeated every three years.

May Receive Boosters — Children, first through fifth grade, will be given the diphtheria and tetanus immunization. The series of two inoculations, one month apart will be

given if the child has had no previous protection.

Children who have had the series in infancy or pre-school years may have a booster A booster may be repeated every three years.

Smallpox vaccinations and re-vaccinations will be offered in April. Miss Heigl pointed out. Re-vaccinations are recommended every five years, she added.

A fee of 50 cents will be assessed for each inoculation, vaccination or re-vaccination. Anyone who is unable to pay all or part of the fee will receive the shots free of charge.

Schedule — The schedule of centers includes: Manawa — Grade School gym, 9 30 a.m., Feb. 16, March 16 and April 13. Marion — City Hall, 1 p.m., Feb. 16, March 16 and April 13. Waupaca — Central Grade School, 9 30 a.m., Feb. 17, March 17 and April 14. Weyauwega — St. Peter School Gym, 9 30 a.m., Feb. 18, March 18 and April 15. Iola — Elementary Grade School, 1 p.m., Feb. 18, March 18 and April 15.

Dr. Julio de Arteaga, M.D., 36, will open an office in the Brillion Clinic in April. Dr. de Arteaga received his medical degree in 1957 at Salamanca, Spain. For the past six years he has been working as a general practitioner under a government program of the Commonwealth of Puerto Rico. This community has been without a resident doctor for approximately 18 months.

Fremont Youth Wins 7-County Speaking Test

FREMONT — Douglas Sebestad won first place in the Wausau district Soil and Water Conservation Speaking Contest. His talk will be taped and sent to Madison for judging in state competition.

It was entitled "Our Conservation Crisis" and it concerned preserving resources for the future. Douglas, 15, a sophomore at Weyauwega Union High School, took first place in the Waupaca County Contest for the past three years. This is the second time he has qualified for the state finals by winning the district contest. His brother, Lee, was district winner last year.

Brillion Library Offers 8 Reading Programs

BRILLION — An eight-week reading program will be conducted at the Brillion Public Library by Mrs. Lloyd Habermann.

Pre-school age through third grade youngsters will attend the hour-long sessions either from 9 30-10 30 or 10 30-11 30 a.m. beginning Saturday.

Program theme will be "Seasons." Long-play records and books will be used to acquaint the children with the four seasons of the year.

Fire Proposal To be Drafted For Seymour

Council Will Study Six-Point Plan With Rural Department

SEYMOUR — The city council and Seymour Rural Fire Department will meet at 8 p.m. Monday at the city hall to draft an operational plan.

The council and executive committee of the department met Friday night and ironed out a six-point proposal. The plan will be the subject of discussions at a special rural department meeting prior to Monday.

As outlined it calls for the following:

— The City of Seymour build a new fire station.

— The rural department would provide adequate equipment.

City to Select Site — The city will select a site of its own choosing and carry the entire cost of construction.

— The city will sell its interest in the rural department to the department.

For use of the rural department's equipment the city will house it without charge.

— The city will continue to provide personnel for the rural runs on a fee basis as is the current practice.

Chairmen of Township — Members of the rural department's executive committee are chairmen of the townships concerned — Ed Peotter, Osborn, Norman Helms, Seymour, Peter Bercsbaegen, Lessor, (Shawano County), Norman Austin, Oneida and Chris Roepcke, Cicero.

Talks between the groups have been conducted periodically over the last three years. Alternatives to the plan would mean that both departments would have to purchase an additional truck and the rural department would be required to provide a building and personnel for the truck.

Card Party Scheduled

SHIOCTON — The Deer Creek Homemakers Club will sponsor a public card party at 8 30 p.m. Wednesday at the Meadow Grove School, route 1. Mrs. Duane C. Young is general chairman.

'Wigs' to be Topic

NEW LONDON — William Kreil, Appleton hair designer, will speak on "Wigs" at 6 30 p.m. today at the New London Lionettes meeting at Don's Supper Club.

150 New London Students Gain Quarter Honor Roll

NEW LONDON — The second quarter honor roll at Washington High School has 150 students on the list with 37 students making the "A" listing.

The list was gained by 20.3 per cent of the entire student body with only 5 per cent awarded the "A" honor.

First semester figures were about the same as at the quarter with 139 making the

honor list and 32 students scoring high honors.

The freshman, with 14 students on the high list during the quarter, led the classes. Freshmen on the semester "A" list were David Beckman, Donn Fuhrmann, Ronald Glocke, Linda Hildebrand, Susan Joubert, Dennis Klingbeil, Mary Klingz, Christine Mattick, Barbara Reick and Bonnie Taubel.

Jeffrey Court, Nancy Leiby, Debbie Smith and James Sommers made the second quarter list for freshman in addition to the other students.

Sophomores making the semester list were Susan Backes, Linda Baldwin, James Bassewitz, Dennis Dobberstein, Bruce Feurig, Linda Hammerberg, Loren Hoffman, Jane Klutzag, Edward Loss, Kenneth Mattson, Linda Oppor and Susan Voeks. In addition Willis Behnke, Roger Kusserow and James Malliet attained honors during the quarter.

Robert Babcock, Margie Burns, Vicki Harvey, Richard Loss and Marcia Radtke made the junior list for the semester and were joined by Gerald Olesen and Sharon Rodgers on the second quarter listing.

Seniors Sally Andrews, Jan Demming, Philip Everts, Richard Finger and Judith Polzin made the semester honor list and Jane Kusserow and Terry Laib joined them in the second quarter.

Cash prizes for the fish caught were awarded to Marlin Steinbach, Clintonville, for 5 1/2 pound northern, Barry Webb, Clintonville, 10-ounce crappie, George Gibbs, Shawano, one-pound 12-ounce perch, Archie Wedde and Vic Anderson, both of Clintonville, tied with eight-ounce black bass and each was awarded a prize.

Ted Anderson, Clintonville, eight-ounce blue gill, Earl Korb, two-ounce sunfish, and Mrs. Harlan Voigt, route 2, Neenah, largest catch of fish with 47 perch.

'Handicapped Child' To be Lions Topic — NEW LONDON — John Simmons, Stevens Point, president of Portage County Association for the Mentally Retarded, will speak on "Handicapped Children" at 6 30 p.m. today at the meeting of the New London Lions Club.

Lion delegates to the state convention are Al Volz, Paul Schneider, Norb Klatt, Marlin Fuerst, Emil Gehrke and Dave Rusch. Alternates are Lyman Johnson, Eugene Fuhrmann, Vern Volz, Sigurd Krostue, Duane Brown and W. A. Bender.

A New War in Viet Nam

President Johnson has reiterated the United States position that "we seek no wider war" in Southeast Asia. But the air attacks early Sunday morning by carrier-based U.S. planes against military targets in North Viet Nam, and the subsequent attacks by South Vietnamese planes for which U.S. fighters flew cover, have certainly escalated the war there.

There was a direct and legitimate reason for the U.S. attack on PT boat bases in North Viet Nam last fall. Ho Chih Minh's PT boats had fired on U.S. naval vessels on the high seas.

Our most recent attacks are based on our charge that the North Vietnamese government is directing and aiding the guerilla raids by the Viet Cong on American military compounds and South Vietnamese villages. Secretary McNamara declared that we could not let these attacks go unanswered lest it would leave the impression with the North Vietnamese government that we would not reply.

This is no longer then a war restricted to forces loyal to the government in Saigon and the rebel Viet Cong. It is now a war between South and North Viet Nam. And we have made it clear to Ho Chih Minh that attacks on American military "advisers" in Viet Nam may be answered by attacks on the territory of North Viet Nam. And the Saigon government has demonstrated that it now feels free to attack north of the border.

This was an inevitable development, the way the war has been going. It had become increasingly clear that the war could not be

won solely in South Viet Nam as long as the territory to the north remained a privileged sanctuary where the Viet Cong could be trained, supplied and directed. As long as its own territory was inviolate North Viet Nam had nothing to lose. Certainly Ho Chih Minh considers the lives of the Viet Cong fighters as expendable.

The President's statement declared that whether the war is further expanded is now up to the Communists. It was apparently coincidental that the attacks occurred while Soviet Premier Kosygin was in Hanoi and only hours after he has promised Soviet assistance to North Viet Nam should its territory be attacked.

Kosygin has now repeated that statement, and the Red Chinese have said the same thing. But concrete evidence of that assistance is still not in hand.

There has been an increasing impression in Washington and other world capitals that exploratory talks have been underway for some time seeking a diplomatic solution to the Vietnamese impasse. At the moment the air attacks on North Viet Nam have more long-range meaning in the diplomatic field than the military. Such attacks will not affect the outcome of the war militarily unless they are pursued to the point where North Viet Nam is neutralized as a combatant. And both Red China and Russia undoubtedly would be forced to intervene if that purpose became obvious.

Ho Chih Minh now knows that he cannot continue his aggression against South Viet Nam without some cost to his own country. The question is, how much are he and his Communist allies willing to pay?

'Just gimme th' aspirin. I already got a Purple Heart.'

(Editor's Note: Bill Mouldin is in Viet Nam to do on-the-spot cartoon reports. And that's where he was Saturday night when the Viet Cong attacked a United States compound at Pleiku. Mouldin was visiting his soldier son when the barracks in which he was sleeping came under mortar attack. This cartoon from World War II was furnished the Post-Crescent to be used in his absence.)

Inside Washington

Johnson to Seek Easing Trade Restrictions With Communists

BY ROBERT S. ALLEN AND PAUL SCOTT

President Johnson has made a remarkably grave decision on increasing trade with Russia and its Eastern European satellites.

He has decided to relax U. S. credit bars and grant "favored nation" trading rights to these Communist countries without first obtaining political concessions.

This highly controversial move is being acted on both in the administration and Congress, and will not be reversed except for a most unexpected and violent turn of events in U.S.-Soviet relations.

Yet only a tiny minority is aware of this portentous decision, let alone fully alerted that it will open the door to the Kremlin rulers to use large quantities of U. S. goods to intensify their "wars of liberation" in Africa, Asia and Latin America.

The President's total commitment to this policy is indicated by his still-unannounced plans to establish a 15-member "blue ribbon" council to create a public consensus for increasing trade with the Soviet bloc.

This Red-trade panel, to be composed of nationally known business, agriculture, labor and academic leaders, will probably be headed by Laurence Rockefeller, who bosses his family's giant network of foundations.

The President sounded him out on the council idea when Rockefeller recently reported to the White House on his exploratory trade trip to Russia.

Under the present administration proposal, the "blue ribbon" council will be given a blank check to "hold public hearings and conduct continuing studies to determine the methods by which trade and goods and services between the U.S. and countries within the Communist bloc can be expanded."

It will be authorized to secure directly from any executive department or agency all help and information, including classified intelligence estimates and statistical reports, needed to promote the expansion of this trade.

THE NEW STRATEGY

Since Congress has been the main roadblock to any across-the-board easing of trade restrictions on the Reds, the President's advisers are resorting to the strategy of making it appear the legislators are demanding this policy change.

To create this impression, White House aides have arranged to have Senator Warren Magnuson, D-Wash., who also favors trade with Red

China, introduce a joint resolution calling on the President to establish a 15-member Council for Expanded Trade with the Soviet bloc.

The plan is to slip the Magnuson resolution through the Senate and House with as little debate as possible, and then later hail this congressional authorization as an

endorsement of the council's trade-increasing recommendations.

One of the most important of these, already drafted in the White House, will be the advocacy of a proposal by President Johnson to repeal the Johnson Act of 1934.

This act prohibits private U.S. citizens and firms from granting either long-term loans or credits to foreign governments in default on their debts to the U.S.

SPECIAL MESSAGE

According to congressional sources, the President will send his repeal recommendation to Congress in a special trade message in March.

If approved by Congress, the proposal would clear the way for the U.S. to extend long-term credit to Russia without requiring payment of its World War II lend-lease debt.

The President will propose, with the council's expected endorsement, the granting of "favored nation" trading rights to Russia and the Eastern European satellites. These trade benefits are now reserved for non-Communist countries.

He also will recommend that the administration be given authority to guarantee payment of sales made to the Soviet bloc should the Communists balk at paying U.S. firms.

As outlined by White House aides, President Johnson's objective in increasing trade with Russia is to make peaceful co-existence so attractive that the Soviet leaders will find it in their interest to agree to regional peace settlements in South Viet Nam and the Congo.

The big question about the President's proposed trade policy is why the Russians would want to stop their drive to take over the world as long as they can "have their cake and eat it."

Wisconsin Report

Four-Year-Term Won't Solve Issue of Major Limits on His Powers

BY JOHN WYNGAARD

MADISON — Observations about the question of a four-year term for Wisconsin governors have brought a provocative and useful comment from Edwin Larkin of Eau Claire, a lawyer with considerable experience in politics and government.

Wyngaard

Mr. Larkin suggests that the question of tenure for the state's chief executive as represented in the movement for an extension of single terms from two to four years—is not as important as a matter of reform as the essential weakness of the governor's office under the laws and the constitution.

The first effort, he suggests, should be to give the governor real power and responsibilities, the lack of which under the present system is not yet generally known by the rank and file voter.

"If the governor has insufficient power, making his term twice as long or three times as long or four times as long is not the answer," he writes. "There is ample evidence to support the position that the governor does not have sufficient power to lay out a vigorous program and then be able to carry it through. Due to historical development, the power in Wisconsin lies in the legislature and its creatures."

WEAKNESSES

"The normal functions of the executive in many instances are carried out by those over whom the executive has no practical control. Under such circumstances, to increase the term of the executive from two to four years is compounding the weakness, for many citizens will consider that we have then solved the problem; actually all we will do is sweep it under the rug," he continues.

Mr. Larkin's criticism is perceptive. One would guess, from the authority and accuracy of his observations, that he has known a governor or possibly several governors intimately enough to be acquainted with the frustrations of the office that have been experienced by many of its incumbents. One of the important truths about Wisconsin politics is that the governorship is the highest and most respected office in state affairs, but that the governor's constituents are generally unaware of how closely circumscribed are his powers and opportunities.

More than one governor who came into office unschooled in political affairs in the academic sense was shocked to discover that he could not "govern." It is a kind of magisterial office, with the trappings of power and dignity, but without the reality in many crucial instances.

BUT...

But Mr. Larkin won't be offended, it is hoped, by the suggestion that the issue of tenure is one of opportunity for the governor—even if he is given the power which he accurately suggests is now too limited.

Even if the governor had the powers popularly associated with his office, or implied in his title of honor and rank, as do the governors of many other states, he would be unlikely to be able to use it effectively under the very short term now provided.

The Wisconsin Taxpayers Alliance in a newsletter put it aptly the other day when it observed that the governor spends the first six months of his term getting acquainted with his job, and the next 18 campaigning for votes to hold it in the next election. With a four-year term he would have the opportunity to work out a program, exercise leadership, and impose his will upon the system according to his electoral mandate.

Thus the legislature may be following the logical order in considering now the issue of length of term, and deferring for another time the issue of gubernatorial powers.

Strictly Personal

Semantical Antics For Today's Column

BY SYDNEY J. HARRIS

Antics with Semantics:

I won't modify my demands because "it's a matter of principle," but you won't modify your demands because you refuse to accept the fact that "all life is a matter of compromise."

Harris

outspoken: he is a troublemaker who likes to shoot his mouth off.

Why aren't the people who preface their remarks with "In my humble opinion" ever humble enough not to offer their opinion?

An "inspirational writer" is one who tells you that "the best things in life are free" — and charges you \$4.50 for his book in which this profound truth is enunciated.

Some words just have no character: for instance, after all these years, I still have to stop and think whether "bi-weekly" means twice a week or every two weeks.

The note at the foot of a clothing ad "At better stores everywhere," really means "any store which carries this is a better store than one that doesn't."

Your husband goes to the office on Sundays because he is so "conscientious and overworked," but her husband goes to the office on Sundays "to get away from the chaos at home."

When my senator gets us a new post office, he is working for "public improvements," but when your senator does the same, he is "dipping his hands into the pork barrel."

I have taken wide advantage of "credit facilities"; you have "extended yourself"; he is "wildly in debt."

A "crisis" is any sudden development in international affairs that was accurately predicted several years ago in a scholarly monograph that nobody bothered to read.

Potomac Fever— by Jack Wilson

The Army's new atomic clock is accurate to 110 billionths of a second. Now any GI who doesn't get his eggs the way he likes them knows its because the cook hates him.

LBJ's plan for a Department of Urban Affairs proves he's identifying with FDR. Not even inaugurated yet, and already he's trying to pack the Cabinet.

Dean Rusk is having trouble drafting that invitation to the Soviet leaders. It sounds awkward to begin "Dear Sir, or Sirs, Whoever You May Be at the Moment."

Carl Rowan, the U. S. Information Agency chief, says American prestige overseas was never higher. He gave his fireside chat in the warm glow of burning libraries.

GRIN AND BEAR IT

By LICHTY

"I certainly intend to do something about all this campus unrest! ... I'm going to try to graduate!"

Press Freedom at the University

The Board of Regents of the University of Wisconsin has rejected demands of a state senator for an investigation of the student newspaper, *The Daily Cardinal*, and in the process the regents did a really fine job of defining press freedom as it applies to campus life and education in general.

A hack reporter who has been employed mainly as a propagandist for right-wing extremists in Wisconsin, Bob Siegrist, reported in a column he has been trying rather futilely to sell to state newspapers that the managing editor of the *Cardinal*, John Gruber, rooms in a house in Madison with Mr. and Mrs. Eugene Denis Jr., and Michael Eisenschner. Denis is the son of the late Eugene Denis, Sr., former leader of the Communist Party in Wisconsin, and Eisenschner is the son of Sigmund Eisenschner, another former state Communist Party chairman.

Sen. Jeris Leonard (Rep., Bayside) declared that Gruber's associations might explain why the *Cardinal* "has been full of left oriented journalism." He wrote a letter to Arthur DeBardeleben, president of the board of regents, demanding that the regents investigate the situation.

In rejecting the demand the regents adopted a statement which said, in part, "the regents of the University of Wisconsin respectfully but firmly adhere to the board's long established policy of encour-

aging and supporting freedom of expression in the publication of *The Daily Cardinal*, as well as in all other academic and extracurricular functions of this university."

The statement continued: "Guided by the spirit of freedom of inquiry and expression which pervades each facet of the life of this institution, *The Daily Cardinal* has earned a national reputation as a student newspaper controlled and operated by the students through their duly elected representatives. It would be destructive of the essence of *The Daily Cardinal* if any authority, whether a regent, legislator, or other, could prescribe what shall be orthodox and therefore acceptable for publication and what shall be unorthodox and therefore interdicted."

"In reaffirming the dedication of the regents to freedom of inquiry and expression, this board deprecates attempts to subject any student editor or writer to denunciation because of his associations or the ancestry of his associates. It is the conviction of the regents that students, and all others, should be judged and praised or criticized upon the basis of their own conduct and demonstrated worth or the lack of it, and that the employment of any different standards would be unfair and unworthy of the trust reposed in this board by the citizens of the state of Wisconsin."

To all of which *The Post-Crescent* can only add: 'Bravo!'

Future of Appleton's Downtown

While billed as an informal discussion meeting to get a composite of business community thinking concerning Appleton's future downtown, Wednesday night's meeting at the Conway Hotel will form the basis for major decisions that will have to be made for the good of the entire city.

City officials and representatives of the Appleton Chamber of Commerce, it is hoped, will be able to have a meeting of the minds on guidelines for reconstructing the College Avenue business district and possible future civic improvements.

For months a committee of volunteers has been exploring the long-range development of Jones Park as a civic-cultural center and location for city, county, state and federal offices—in addition to a badly needed municipal auditorium.

What may be done to the Jones Park area in future years is of major concern at the present, according to professional planners, who say the reshaping of the city's central business district within the next few years must tie in with any major development being considered for the 1970's.

Although the College Avenue reconstruction has top priority at this time, it would be folly for city officials and civic leaders to lose sight of the potential Jones Park has to offer.

Those participating in Wednesday night's meeting should remember to emphasize the positive because all have one goal—the best interest of Appleton and the growing Fox Cities.

Looking Backward

Crescent View of Soldier's Pay

100 YEARS AGO

Quoted from the Appleton Crescent for Feb. 4, 1865.

Some of the "brave boys in blue" write us that they have not been paid off in six months, and that they are very anxious for the welfare of their families in these terrible times of high prices.

The pittance (\$5 a month) bestowed by the State, even with all the soldier can save from his pay, when he does get it, cannot support his family of four!

The government ought to increase the soldier's pay to \$20 per month, pending which the State should pay the soldier's wife or widow \$8 per month. Many towns tax themselves liberally and contribute freely to relieve the necessities of the poor, while others do nothing. Sometimes they cannot, but quite as often because they will not.

If the people will have war, with no prospects of an early termination, those who own

property then must be made to meet these increasing demands for aid.

25 YEARS AGO

Tuesday, Feb. 6, 1940.

The administration of McKinley Boy Scout Troop 11 was turned over to nine Eagle Scouts. Harold Hartzheim, chairman, John Wiegand, Pat Smith, Erwin Kerswill, George Snow, Wayne Mussett, Marvin Bergner, Arthur Malchow Jr., and Howard Knaack.

Mrs. Frances Buxton, Menasha, entertained members of her Birthday Club. Winners at schafskopf were Mrs. Frank Holewinski, Mrs. Clarence Cheslock, Mrs. Dan Hoks and Mrs. Ed Kolasinski. Honors in whist went to Mrs. L. Jakoski and Mrs. L. Montonati and bridge winners were Mrs. Tom Cheslock and Miss Lucy Makoski.

Miss Marian Homan, Menasha High School senior, was chosen DAR winner for the annual citizenship award at the school. Mrs. Arthur Rit-

ger, regent of the Neenah chapter of DAR, was to present medals to Miss Homan and Miss Rose Dowling of Neenah High at a luncheon that week.

10 YEARS AGO

Tuesday, Feb. 8, 1935.

Nine Boy Scouts from various Appleton troops were to serve as city officers for the next day. Eugene Dunsirn was to be mayor for the day; Henry Kreiner, city clerk; Tom Liesch, city treasurer; Donald Hove, assessor; Dale Leith, engineer; Garret McClanahan, city attorney; James Selig, police chief; Tom Stark, fire chief; William Simon, recreation director.

Officers of the 7th Grade Civics Club at St. Mary School, Kaukauna, included Carol Mathis, Judy Haen, Nancy Noie, James Pahl and Carol Weinert.

Badger Belles Homemakers heard a discussion on the buying of clothes and accessories at the home of Mrs. John

Crawford, route 2, Appleton. Presenting the lesson were Mrs. John Berholtz, Hortonville, and Mrs. DeForrest Meyer, Appleton.

Miss Virginia Jesse, Appleton sophomore at Beloit College, was elected secretary of the Associated Women's Group at the school.

To create this impression, White House aides have arranged to have Senator Warren Magnuson, D-Wash., who also favors trade with Red

County Board Considers Streamlining Committees

'Different but Not Radical' Chairman Comments on Proposal

County officials Monday tabbed a proposed plan for committee redesign for the Outagamie County board "different, but not radical," and stated other counties throughout the state may follow the plan if it is adopted here.

Board Chairman Alvin Fulcer, Kimberly, said the streamlined structure, which calls for a reduction from 11 committees to six, with an executive committee made up of committee heads, will be presented to supervisors in March.

The plan, discussed informally by the executive committee in a meeting today, will be presented to the county's special 11-man study committee which has been handed the task of putting recommendations of the J. L. Jacobs report into effect.

Fulcer said the plan follows proposals by the Chicago-based efficiency study firm which last year completed a \$14,000 study of county administration and presented definite recommendations last fall. Committee redesign was one recommendation.

Six Committees
Chiefly the proposed structure will place supervisors on one of six committees. The highway committee, the welfare committee, the committee on law order and justice committee on human resources committee on economic advancement and the committee on public facilities.

Fulcer said the highway committee and the welfare committee are required in county structure by state laws and five supervisors would be assigned to each of those committees.

The remaining committees would be made up of 11 supervisors each and the chairman of the committee would be

courts and administration committee and the separate county police committee. Both would be consolidated under the law and order committee.

Fulcer said the committees would function under a method of subcommittees, each assigned specific duties. The subcommittee heads would meet periodically with committee chairman who in turn would meet as the executive committee.

Fulcer said other counties have expressed interest in the changes and have asked to be kept abreast of developments. He said the changes are different and are regarded as "radically different steps" taken in county governments, but he said they cannot be considered "radical."

Fulcer said he anticipated some opposition and discussion about the proposal from supervisors. He said the changes should be presented to supervisors by March so if adopted they can be carried out in the board's annual reorganization in April.

Kimberly Hiker, Camper Group Earns Charter

KIMBERLY — Carl Williams, Neenah, a state director of the National Campers and Hikers Association presented an official charter to William Van Hout, president of the Heart O' The Valley Chapter of the association at a Sunday night meeting.

Representatives of 27 families were on hand to hear a report on the recent meeting of state chapter directors given by Van Hout and Peter Roovers, local secretary. A constitution and bylaws were accepted in which the official name was adopted.

The chapter selected yellow and green as its colors and a symbol consisting of a red heart transversed by the Fox River. Mr. and Mrs. John Van Hout and Mr. and Mrs. Richard Lamers were named to the program committee to be assisted by Myron Huth, vice president.

Mr. and Mrs. Norbert Vosters and Mr. and Mrs. Anthony Van Hout were named to the refreshment committee for March. Plans were made to collect dues prior to the March meeting and announcement made of the dates for the state and national convention.

Education Group To Learn About Existentialism

KAUKAUNA — Existentialism will be the topic for study by the Adult Education series group being conducted at 7 p.m. Wednesday at Kaukauna High School sponsored jointly by the school and Kaukauna Public Library.

Guest lecturer and discussion leader will be Mrs. Philip Weiner, Lawrence University graduate, Mrs. Weiner who is a member of Phi Beta Kappa, graduated magna cum laude on the basis of an honors paper she wrote exploring the many facets of existentialism.

After presenting the background and history of the topic, she will relate the life of Jean Paul Sartre. By outlining his philosophy, she will touch on such highlights of existentialism as existence precedes essence, freedom and responsibility, authentic existence and bad faith versus good faith.

A French film version of one of Sartre's plays will be presented. Set in Central Europe, the film revolves around the struggle between idealism and survival.

A question period will follow. Persons not registered for the series but interested in this session may register at the school on the night of the program.

Fishing Was Excellent at Waupaca's Shadow Lake for the first annual fisherree Sunday. Jim Miller left won the prize for the longest fish with a 33 1/2 inch Northern and Dick Salter landed a 10 pound four ounce Northern the heaviest fish. Sonny Doyle right took two prizes—one for the smallest fish, a three inch perch he is holding, and a prize for the most fish. All 38 of them are in the pan he is holding. (Post-Crescent Photo)

Free TB, Lung, Heart Checks

Mobile Health Survey Unit to Visit Calumet County Feb. 10 to March 2

CHILTON — The State Board of Health mobile X-ray unit will begin travel in Calumet County Wednesday and continue through March 2.

X-rays to detect tuberculosis and other lung and heart abnormalities will be offered free to adults according to Mrs. Elizabeth Behnke, county public health nurse.

The last visit to the county was in 1962. Mrs. Behnke recommended that adults have an X-ray every three years for maximum protection.

The unit will visit industries to examine employees. Open centers will be held for the public.

New Holstein
Scheduled stops for the mobile unit are: Tecumseh Products, New Holstein 2 to 6 p.m. Feb. 10; 9 to 12 a.m. and 1 to 5 p.m. Feb. 11; and 8 to 8 a.m. to finish Feb. 12.

Levering Shoe Co., Salvatorian Center, New Holstein 1 to 2:30 p.m. Feb. 13; Salvatorian Center, Depies Feeds and Hatchery, Depies, Oil, Kestell Furniture Co., at Salvatorian Center, New Holstein, 2:30 to 4:30 p.m. Feb. 15.

Village PTA Panel To Discuss Merits Of Sparing Child

KIMBERLY — Shall We Spare The Rod will be the topic of a panel discussion at a meeting of Parent Teacher Associations of Combine, docks and Kimberly at 8 tonight in the Junior High School auditorium. Panel members will include the Rev. John Bowe, pastor of the First Presbyterian Church; Mrs. William Voights, Richard Andres, parents; and Wayne Hull, elementary school principal.

Coffee and lunch will be served after the meeting.

Calumet Homestead, New Open center, Brillion City, Holstein 9 to 10 a.m. Feb. 16; Hill 9 to 11:30 a.m. 1 to 4 p.m. open center, New Holstein, Feb. 24 and 1 to 4 p.m. 6 Station 11 a.m. to noon and to 9 p.m. Feb. 25; 1:30 to 5:30 p.m. Open center, Forest Junction, Arps Corp. and MB Corp. Evangelical and United Breth, en Church, 9 a.m. to noon Feb. 25; New Holstein 9 to 11:30 a.m. Feb. 17; Aluminum Specialty Co. and Open center, Harrison School, Knauft and Tesch, at Aluminum, Sherwood 1 to 4:30 p.m. March; Specialty, Chilton 1:30 p.m. to 1 and open center, Stockbridge, finish Feb. 17; Public School, 9 to 11:30 a.m. March 2.

Chilton
Mrs. Behnke said that as these tests are used for mass screening and cannot be 100 per cent accurate, it is possible that a disc so may go undetected. On the other hand, a positive test does not always mean that disease is present. The results of the tests will be carefully studied. If the findings justify more careful examination, the personal physician will be notified.

Reports on the results of the tests may be expected in from four to six weeks after the X-ray is taken.

Open center, Village hall, Hilbert 9 to 11 a.m. Feb. 23; Ariens Co., at Brillion City Hall 1:30 p.m. Feb. 23.

Public Service Corp. Seeks Hilbert Outlet

CONTINUED FROM PAGE 1

holdings south of the village hall. Lyle Kamps request to buy a 30-foot strip of village owned land along Fifth Street was granted. Kamps plans to build a barber shop on the property. A committee will negotiate terms.

The reassessment issue was raised by Village President Orville Manz and after a discussion trustees decided not to have the question decided by a spring referendum.

Disposition of the vacant issue will become the responsibility of the board which is scheduled for a meeting in April. Trustees ruled No appropriation to finance reassessment was made in the current year's budget and most felt needs are costs should be included in the 1966 budget.

A dwelling on Fourth Street which fails to meet sanitary sewer connection requirements will be discussed at the next meeting.

There have been many requests for natural gas from Hilbert residents during recent years, he said.

Gas lines would be extended to the community at no cost to the property owners. The only fee would be a connection charge for users and the regular rates for gas used thereafter, Schuchl said.

In other action the board denied one request to buy village owned land and accepted another.

Deny Request
Denied was the request of Clarence Stencil. He had asked to buy property behind his business place so that he could expand the locker plant. Oscar Ecker, State Board of Health official recommended that the village retain the land pointing out that if reservoir or well development were ever required the village would need all its

Qualifications Are Only Issue, Wilkus Says

Candidate for
Supreme Court
Speaks at Shawano

SHAWANO — The only real "issue" involved in election of a State Supreme Court justice — or any judge, for that matter — is who of the candidates is best qualified to sit on a non-partisan, impartial tribunal to pass judgement on his fellow citizens.

This was the opinion expressed here Monday by Sheboygan County Judge Joseph W. Wilkus, a candidate for the Wisconsin Supreme Court, in a talk to the Shawano Club.

Planners of the Wisconsin governmental structure felt it needful to have the selection of certain public officers — including the judiciary — made outside the political party system, Judge Wilkus pointed out. He added, however, the "candidates do keep their eyes on 'block' votes. Thus, the man who is appointed to the bench looks to the membership of his party to support the governor as a political party leader in his choice of filling the vacancy.

Look to Opposition
"Those who run against the appointee as is Judge Wilkus against Justice Nathan Heffernan, weigh the chances of votes from the opposition party."

All candidates look to the uncommitted citizens, who carry the balance of power, Judge Wilkus commented.

"In light of the absolute necessity that a member of the judiciary be impartial, uncommitted to any interest or party, I have been bluntly critical of the incumbent — Justice Heffernan — in his bid for support from organized labor . . . not."

Brillion Bows To Denmark in EWA Action

BRILLION — Brillion lost to Denmark 117-80 in Eastern Wisconsin Amateur League basketball action Saturday night in Denmark.

Don Heimke led the AA's with 24 points followed by Harold (Buck) Edinger with 19.

Denmark's Dick Rasmussen led all scorers with 27 points.

Brillion sunk 28 of 47 free throws and had 26 field goals while Denmark collected 23 of 30 gift shots and had 47 field goals.

Next Saturday Brillion will play host to Reedsville in an Athletic Association booster tilt. Reedsville High School's 1946 WIAA State Championship team will play a preliminary game against the Brillion "old timers."

because he said the high court is 'friendly to labor,' as well as involving the (Sheboygan) County organization of what was his party," Judge Wilkus said.

Noting that in the last state judicial primary election only about 20 per cent of the state's eligible voters went to the polls, Judge Wilkus said, "In light of this, the judiciary has been called the most tyrannical, the least checked of the three departments of government. Yet it is the intelligently informed voter who carries the power and obligation of control."

Names of Juveniles
Judge Wilkus also spoke to the Shawano Rotary Club at the Bilmay Hotel Monday noon.

discussing "Delinquency or Growing Pains"

Judge Wilkus, who has come out strongly in his campaign, and before, against publicizing names of juveniles brought into court, said adults "tend to forget the upheavals of emotion, the need to be one of the gang, yet become lost in the wilderness of thou shalt and thou shalt not."

The Clintonville Chapter of the American Field Service sponsored a public dinner and program at the Veterans Memorial Building, Clintonville, for area AFS exchange students and their American hosts and hostesses. Mrs. James Huffman and her son, John, Clintonville, chat with Geety Aryan of Bahrain Island and John Schilling, Appleton, who was a summer AFS student to Syria and is shown wearing a native costume. Miss Aryan is the first and only one from her country to participate in the AFS program. (Laib Photo)

Boosters and Primary Shots

3-Month Immunization Program Scheduled for Waupaca Children

WAUPACA — An immunization program recommended by of three inoculations, spaced one month apart, Miss Heigl said. Children who have had shots will receive only a booster inoculation. Boosters may be repeated every three years.

May Receive Boosters
Children, first through fifth grade, will be given the diphtheria and tetanus immunization. The series of two inoculations, one month apart will be

the protection will need a series given if the child has had no previous protection.

Children who have had the series in infancy or pre-school years may have a booster. A booster may be repeated every three years.

Smallpox vaccinations and re-vaccinations will be offered in April. Miss Heigl pointed out. Re-vaccinations are recommended every five years, she added.

A fee of 50 cents will be assessed for each inoculation, vaccination or re-vaccination. Anyone who is unable to pay all or part of the fee will receive the shots free of charge.

Schedule
The schedule of centers includes:
Mapawa — Grade School gym, 9:30 a.m., Feb. 16, March 16 and April 13.
Marion — City Hall, 1 p.m., Feb. 16, March 16 and April 13.
Waupaca — Central Grade School, 9:30 a.m., Feb. 17, March 17 and April 14.
Weyauwega — St. Peter School Gym, 9:30 a.m., Feb. 18, March 18 and April 15.
Iola — Elementary Grade School, 1 p.m., Feb. 18, March 18 and April 15.

Dr. Julio de Arteaga, M.D., 36, will open an office in the Brillion Clinic in April. Dr. de Arteaga received his medical degree in 1957 at Salamanca, Spain. For the past six years he has been working as a general practitioner under a government program of the Commonwealth of Puerto Rico. This community has been without a resident doctor for approximately 18 months.

Fremont Youth Wins 7-County Speaking Test

FREMONT — Douglas Sebestead won first place in the Wausau district Soil and Water Conservation Speaking Contest. His talk will be taped and sent to Madison for judging in state competition.

It was entitled "Our Conservation Crisis," and it concerned preserving resources for the future.

Douglas, 15, a sophomore at Weyauwega Union High School, took first place in the Waupaca County Contest for the past three years. This is the second time he has qualified for the state finals by winning the district contest. His brother, Lee, was district winner last year.

Brillion Library Offers 8 Reading Programs

BRILLION — An eight-week reading program will be conducted at the Brillion Public Library by Mrs. Lloyd Habermann.

Pre-school age through third grade youngsters will attend the hour-long sessions either from 9:30-10:30 or 10:30-11:30 a.m. beginning Saturday.

Program theme will be "Seasons". Long-play records and books will be used to acquaint the children with the four seasons of the year.

Fire Proposal To be Drafted For Seymour

Council Will Study
Six-Point Plan With
Rural Department

SEYMOUR — The city council and Seymour Rural Fire Department will meet at 8 p.m. Monday at the city hall to draft an operational plan.

The council and executive committee of the department met Friday night and ironed out a six-point proposal. The plan will be the subject of discussions at a special rural department meeting prior to Monday.

As outlined it calls for the following:

— The City of Seymour build a new fire station.
— The rural department would provide adequate equipment.

City to Select Site
— The city will select a site of its own choosing and carry the entire cost of construction.

— The city will sell its interest in the rural department to the department.

For use of the rural department's equipment the city will house it without charge.

— The city will continue to provide personnel for the rural runs on a fee basis as is the current practice.

Chairmen of Township

Members of the rural department's executive committee are chairmen of the townships concerned — Ed Peotter, Osborn; Norman Helms, Seymour; Peter Beresbaegen, Lessor, (Shawano County); Norman Austin, Oneida, and Chris Roepcke, Cicero.

Talks between the groups have been conducted periodically over the last three years.

Alternatives to the plan would mean that both departments would have to purchase an additional truck and the rural department would be required to provide a building and personnel for the truck.

Card Party Scheduled

SHIOCTON — The Deer Creek Homemakers Club will sponsor a public card party at 8:30 p.m. Wednesday at the Meadow Grove School, route 1. Mrs. Duane C. Young is general chairman.

'Wigs' to be Topic

NEW LONDON — William Kreil, Appleton hair designer, will speak on "Wigs" at 6:30 p.m. today at the New London Lionettes meeting at Don's Supper Club.

150 New London Students Gain Quarter Honor Roll

NEW LONDON — The second quarter honor roll at Washington High School has 150 students on the list with 37 students making the "A" listing.

The list was gained by 20.3 per cent of the entire student body with only 5 per cent awarded the "A" honor.

First semester figures were about the same as at the quarter with 139 making the

honor list and 32 students scoring high honors.

The freshman, with 14 students on the high list during the quarter, led the classes. Freshmen on the semester "A" list were David Beckman, Donn Fuhrmann, Ronald Glocke, Linda Hildebrand, Susan Joubert, Dennis Klingbell, Mary Klinzing, Christine Mattick, Barbara Reick and Bonnie Taubel.

Jeffrey Court, Nancy Leiby, Debbie Smith and James Sommers made the second quarter list for freshman in addition to the other students.

Sophomores making the semester list were Susan Backes, Linda Baldwin, James Bassewitz, Dennis Dobberstein, Bruce Feuring, Linda Hammerberg, Loren Hoffman, Jane Klinzing, Edward Loss, Kenneth Mattson, Linda Oppor and Susan Voecks.

In addition, Willis Belnke, Roger Kusserow and James Malliet attained honors during the quarter.

Robert Babcock, Margie Burns, Vicki Harvey, Richard Loss and Marcia Radtke made the junior list for the semester and were joined by Gerald Olesen and Sharon Rodgers on the second quarter listing.

Seniors Sally Andrews, Jan Demming, Philip Everts, Richard Finger and Judith Polzin made the semester honor list and Jane Kusserow and Terry Laib joined them in the second quarter.

Cash prizes for the fish caught were awarded to Marlin Steinbach, Clintonville, for 5½-pound northern; Barry Webb, Clintonville, 10-ounce crappie; George Gibbs, Shawano, one-pound 12-ounce perch; Archie Wedde and Vic Anderson, both of Clintonville, tied with eight-ounce black bass and each was awarded a prize; Ted Anderson, Clintonville, eight-ounce blue gill; Earl Korb, two-ounce sunfish, and Mrs. Harlan Voigt, route 2, Neenah largest catch of fish with 47 perch.

'Handicapped Child'
To be Lions Topic

NEW LONDON — John Simonis, Stevens Point, president of Portage County Association for the Mentally Retarded, will speak on "Handicapped Children" at 6:30 p.m. today at the meeting of the New London Lions Club.

Lion delegates to the state convention are Al Volz, Paul Schneider, Norb Klatt, Marlin Fuerst, Emil Gehrke and Dave Rusch. Alternates are Lyman Johnson, Eugene Fuhrmann, Vern Volz, Sigurd Krostue, Duane Brown and W. A. Bender.

County Board Considers Streamlining Committees

'Different but Not Radical' Chairman Comments on Proposal

County officials Monday tabbed a member of the county's executive committee, headed by County Board Chairman Alvin Fulmer, to redesign the Outagamie County Board "different, but not radical," and stated other counties throughout the state may follow the plan if it is adopted here.

Board Chairman Alvin Fulmer, said the streamlined structure, which calls for a reduction from 11 committees to six, with an executive committee made up of committee heads, will be presented to supervisors in March.

The plan, discussed informally by the executive committee in a meeting today, will be presented to the county's special 11-man study committee which has been handed the task of putting recommendations of the J. L. Jacobs report into effect.

Fulmer said the plan follows proposals by the Chicago-based efficiency study firm which last year completed a \$14,000 study of county administration and presented definite recommendations last fall. Committee redesign was one recommendation.

Six Committees
Chiefly the proposed structure will place supervisors on one of six committees. The highway committee, the welfare committee, the committee on law order and justice, committee on human resources, committee on economic advancement and the committee on public facilities.

Fulmer said the highway committee and the welfare committee are required in county structure by state laws and five supervisors would be assigned to each of those committees.

The remaining committees would be made up of 11 supervisors each and the chairman of the committee would be

courts and administration committee and the separate county police committee. Both would be consolidated under the law and order committee.

Fulmer said the committees would function under a method of subcommittees, each assigned specific duties. The subcommittee heads would meet periodically with committee chairman who in turn would meet as the executive committee.

Fulmer said other counties have expressed interest in the changes and have asked to be kept abreast of developments. He said the changes are different and are regarded as "radically different steps" taken in county governments, but he said, they cannot be considered "radical."

Fulmer said he anticipated some opposition and discussion about the proposal from supervisors. He said the changes should be presented to supervisors by March so if adopted they can be carried out in the board's annual reorganization in April.

Peter Porath Turns Self In

Pleads Innocent to Tax Evasion Counts in Outagamie Court

Peter Porath, 33, a former Fond du Lac attorney who gave his address as Tampa, Fla. and his occupation as construction worker, surrendered himself to Outagamie County authorities Monday afternoon and pleaded innocent to two counts of income tax evasion.

Porath was charged by Dist. Atty. Nick F. Schaefer with evasion of state taxes in the years 1959 and 1962. Porath will face trial April 28 in Outagamie County Court Branch 2 and is presently free on \$1,000 bond.

Porath was recently disbarred by the state bar commission because of the way he handled several recent cases.

Schaefer said Porath appeared at the Outagamie courthouse unexpectedly Monday afternoon and conferred with Assistant Dist. Atty. Jerome Block before his arraignment. Porath was represented by attorney Simon Horwitz of Oshkosh.

Kimberly Hiker, Camper Group Earns Charter

KIMBERLY Carl Williams, Neenah, a state director of the National Campers and Hikers Association, presented an official charter to William Van Hout, president of the Heart O' The Valley Chapter of the association at a Sunday night meeting.

Representatives of 27 families were on hand to hear a report on the recent meeting of state chapter directors given by Van Hout and Peter Roovers, local secretary. A constitution and bylaws was accepted in which the official name was adopted.

The chapter selected yellow and green as its colors and a symbol consisting of a red heart transversed by the Fox River. Mr. and Mrs. John Van Munn and Mr. and Mrs. Richard Lamers were named to the program committee to be assisted by Myron Huth, vice president.

Mr. and Mrs. Norbert Vosters and Mr. and Mrs. Anthony Van Hout were named to the refreshment committee for March. Plans were made to collect dues prior to the March meeting and announcement made of the dates for the state and national convention.

Education Group To Learn About Existentialism

KAUKAUNA Existentialism will be the topic for study by the Adult Education series group being conducted at 7 p.m. Wednesday at Kaukauna High School sponsored jointly by the school and Kaukauna Public Library.

Guest lecturer and discussion leader will be Mrs. Philip Weiner, Lawrence University graduate, Mrs. Weiner who is a member of Phi Beta Kappa graduated magna cum laude on the basis of an honors paper she wrote exploring the many facets of existentialism.

After presenting the background and history of the topic, she will relate the life of Jean Paul Sartre. By outlining his philosophy, she will touch on such highlights of existentialism as existence precedes essence, freedom and responsibility, authentic existence and bad faith versus good faith.

A French film version of one of Sartre's plays will be presented. Set in Central Europe, the film revolves around the struggle between idealism and survival.

A question period will follow. Persons not registered for the series, but interested in this session may register at the school on the night of the program.

Fishing Was Excellent at Waupaca's Shadow Lake for the first annual fishcize Sunday. Jim Miller left won the prize for the longest fish with a 33 1/2 inch Northern and Dick Salter landed a 10 pound four ounce Northern the heaviest fish. Sonny Doyle right took two prizes one for the smallest fish a three inch perch he is holding, and a prize for the most fish. All 38 of them are in the pan he is holding. (Post-Crescent Photo)

Free TB, Lung, Heart Checks

Mobile Health Survey Unit to Visit Calumet County Feb. 10 to March 2

CHILTON — The State Board of Health mobile X-ray unit will begin travel in Calumet County Wednesday and continue through March 2.

X-rays to detect tuberculosis and other lung and heart abnormalities will be offered free to adults according to Mrs. Elizabeth Behnke, county public health nurse.

The last visit to the county was in 1962. Mrs. Behnke recommended that adults have an X-ray every three years for maximum protection.

The unit will visit industries to examine employees. Open centers will be held for the public.

New Holstein
Scheduled stops for the mobile unit are Tecumseh Products, New Holstein 2 to 6 p.m. Feb. 10, 9 to 12 a.m. and 1 to 5 p.m. Feb. 11 and 8:30 a.m. to finish Feb. 12.

Everenz Shoe Co., Salvatorian Center, New Holstein 1 to 2:30 p.m. Feb. 15. Salvatorian center, Depes, Feeds and Hatchery, Depes, Oil, Kestell Furniture Co. at Salvatorian Center, New Holstein, 2:30 to 4:30 p.m. Feb. 15.

Village PTA Panel To Discuss Merits Of Sparing Child

KIMBERLY Shall We Spare The Rod will be the topic of a panel discussion at a meeting of Parent Teacher Associations of Combene dLocks and Kimberly at 8 tonight in the Junior High School auditorium.

Panel members will include the Rev. John Bove, pastor of the First Presbyterian Church, Mrs. William Voight's Richard Andres parents and Wayne Hull, elementary school principal.

Coffee and lunch will be served after the meeting.

Public Service Corp. Seeks Hilbert Outlet

CONTINUED FROM PAGE 1

holdings south of the village hall. Lyle Kamps request to buy a 30-foot strip of village owned land along Fifth Street was granted. Kamps plans to build a barber shop on the property. A committee will negotiate terms.

The reassessment issue was raised by Village President Orville Manz and after a discussion trustees decided not to have the question decided by a spring referendum.

Disposition of the vexing issue will become the responsibility of new board which is elected in April. Trustees ruled No appropriation to finance reassessment was made in the current year's budget and most felt reassessment should be included in the 1966 budget.

A dwelling on Fourth Street which fails to meet sanitary sewer connection requirements will be discussed at the next meeting.

There have been many requests for natural gas from Hilbert residents during recent years. Gas lines would be extended to the community at no cost to the property owners. The only fee would be a connection charge for users and the regular rates for gas used thereafter, Schuch said.

In other action the board denied one request to buy village owned land and accepted another.

Deny Request
Denied was the request of Clarence Stengel. He had asked to buy property behind his business place so that he could expand the locker plant. Oscar Fager, State Board of Health official, recommended that the village retain the land pointing out that if reservoir or well development were ever required the village would need all its

Johnson Hardening Military Policy Toward Viet Nam

EDITOR'S NOTE — With the apparent hardening of U.S. policy in South Viet Nam, American forces may become increasingly involved in an undeclared war. What is the origin of the President's power to send men to fight under such conditions? What policy aims guide his decisions?

BY JOHN M. HIGHTOWER

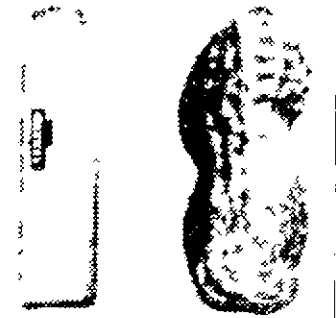

WASHINGTON (AP) — Gradually and with evident reluctance, President Johnson appeared to be hardening U.S. military policy in Viet Nam. Unless the situation takes some sudden and presently unforeseen turn toward a peaceful settlement, any challenging new thrusts by the Communists are likely to draw quick American retaliation.

This has not been true until now in the long grinding South-east Asian conflict. But Johnson and his chief advisers now believe North Viet Nam and Red China, and possibly the Soviet Unions have come to doubt this country's will to continue the struggle.

Undeclared War
Besides an intensification of the fighting in South Viet Nam and more strikes at Communist bases in North Viet Nam, this means that American armed forces in Southeast Asia are likely to become increasingly involved in an undeclared war in a distant land.

It raises anew questions about the President's power to send men to fight under such conditions, and about the policy aims which guide his decisions.

IT'S THE 'WISP' FOR WONDERFUL HEARING!

ACTUAL SIZE!
You must see and hear this mere wisp of a Sonotone hearing aid to believe it. As small as a peanut—women cover it with a curl, men just tuck it behind the ear. The smallest Sonotone ever, it weighs only 1/4 of an ounce (aid shown without tube or earpiece).

You owe it to your hearing to see the wonderful "Wisp".

as commander in chief to fight the war in Viet Nam as he sees fit

Policy Problems

So far as Johnson himself is concerned the current issues do not post constitutional problems but grave problems of policy bearing on the central question how to persuade North Viet Nam, supported by the Soviet Union and Red China, that it cannot win the guerrilla war in action would persuade the lead at Pleiku last Sunday, the disposition to deliver a counterblow was already firmly established among the policy makers.

When North Vietnamese PT

Direct Challenge

The attack on the destroyers, viewed as a direct Red challenge to the United States, was judged here to call for a violent response and the President proved a one-shot retaliatory blow — a decision short of a policy of permanently expand the conflict into North Viet Nam. Any hope that this single action would persuade the lead at Pleiku last Sunday, the disposition to deliver a counterblow was already firmly established among the policy makers.

Subsequently there were other Communist actions which angered U.S. officials but did not lead to the President's final judgment.

ment present such a direct challenge

In the policy reviews which followed the November election, administration officials reportedly decided that more Communist installations had to be expected and that the United States should be ready to strike back. Therefore, when the attack was made on U.S. installations at Pleiku last Sunday, the disposition to deliver a counterblow was already firmly established among the policy makers.

Sources say that there was no consideration of not retaliating Red troops going into South Viet Nam was the result

Scouts Report To Governor

Ceremony Starts Week of Activity In Wisconsin

MADISON (AP) — Representatives of Wisconsin's 16 Boy Scout area councils made individual reports Monday to Gov. Warren P. Knowles on the youth program's state progress during 1964.

The ceremony initiated National Scout Week in Wisconsin. The governor told the group he was a former Boy Scout and that the movement was "worthy and beneficial."

al Boy Scout Week in Wisconsin. Stewart of Whitewater, Indian Trails, Larry Jaack of Sheboygan, Kettle Moraine, Paul K. Gwalt of West Allis, Milwaukee County, Thomas E. Schmidt of Brookfield, Potawatomi area; Marvin Yakos of Racine, Racine County, Wayne D. Petersen of Oshkosh, Twin Lakes, Tony Lazewski of Antigo, Samoset, Donald Osborne of Lake Geneva, State Line, Thomas Busse of Kaukauna, Valley, William Glandt of Two Rivers, Waumesa, and Rod Frese of Kenosha Kenosha.

The councils presented the governor with a desk memento bearing the Boy Scout slogan and crest. Knowles also received several brochures detailing the progress of various councils in addition to Jameson's governor received reports from Daniel W. Dunst of West Bend, the Badger Council, Dennis Radunzel of Chippewa Falls, Chippewa Valley, Karl Storch of Madison, Four Lakes, Gary Cook of La Crosse, Gateway area, Charles pitel

Lawrence Says: Western Allies Better Reach Understanding

Communists May Take Advantage of Apparent Schism

BY DAVID LAWRENCE

WASHINGTON — The "cold war" is getting hotter. Yet the Western Allies are in disarray while Red China and the Soviet Union are lined up on the same side against the United States. There is apparently under way a determined effort to force the 22,000 American troops out of South Viet Nam.

The North Viet Nam government — with arms supplied by

purpose is in offering military aid to North Viet Nam at this particular time. Some wishful thinkers express the belief that perhaps Russia wants to get into the situation sufficiently to exercise some kind of neutralizing influence. But the Moscow government is not interested in pulling American chestnuts out of the fire. It seeks only to add to the complications that will mean more troubles for the United States government.

While Red China and the Soviet Union are at loggerheads on ideological questions, there can be little doubt that they have a common purpose in trying to get the United States out of Asia.

President Johnson has displayed a great deal of caution in recent weeks in dealing with the Viet Nam situation and with international politics generally. The impression prevails here that he wants to feel his way. This may explain a certain deliberateness in his official behavior. He is said to prefer to take his time about any new moves in Southeast Asia until Soviet intentions in Viet Nam are clarified.

For the moment, there is a mistaken tendency in some quarters in Washington to assume that one of the courses under consideration might well be American withdrawal from South Viet Nam altogether. But the majority sentiment in Congress is opposed to this. Such a step would certainly be construed as a form of retreat or surrender.

Decisive Steps
Within the last two days the President, with the advice of the National Security Council, has sought, by taking decisive steps in Viet Nam, to remove any possible thought by the Communists that they can continue their aggression without a serious challenge by the United States.

Concurrently, President de Gaulle has muddied the waters by elevating the Red China government to a position equal to that of Great Britain, France, the Soviet Union and the United States when he suggests that these five countries can settle the problem of how the United Nations shall hereafter be operated. For the Peiping government has been denounced by resolution of the U.N. as an aggressor in Korea — a still unsettled problem. Red China has, moreover, carried on a warfare in Southeast Asia which not only has threatened the peace of that continent but has taken away from smaller countries their freedom and their independence.

Need Agreement
In the long run, the United States will have to make a deliberate effort to strengthen the Western alliance. There will have to be some serious talks with General de Gaulle behind the scenes. Also, the advice given him on the importance of bringing about a strong Western alliance need not come solely from the United States. For the British and the West Germans are well aware of the serious consequences that could flow from a disintegration of the Western alliance.

If, however, the West should allow the "cold war" to drift into a "hot war," there would be little opportunity at a later date to deal with the emergency except by a military action in Southeast Asia far beyond the desire of the United States at this time to initiate.

Once the alliance is strengthened and a united front is presented against Red China and the Soviet Union, it is probable that the situation in Southeast Asia will result in a stalemate such as exists in Korea. It may not bring a satisfactory solution, but at least it could halt further aggression and open warfare.

(Copyright 1965)

Lawrence

the Communists — has just made two attacks in South Viet Nam against U.S. installations. Seven Americans were killed and 109 were wounded in the most costly assault against American troops in the Viet Nam war. The prompt retaliation by the United States and South Viet Nam in ordering bombing raids against North Viet Nam is an indication that the United States is not going to be frightened into a withdrawal.

All this happened at the very time that Soviet Premier Kossygin, conferring in Hanoi with the North Viet Nam government, was offering not merely economic help but more military and directly related to air operations.

Internal disturbances, moreover, have been instigated by the Red Chinese in Laos and Thailand.

President Johnson is trying very hard to avoid doing anything that could bring about an "escalation" toward a major conflict. But the situation is building up to the point where the United States may not be able to remain passive much longer or to limit its operations to mere reprisals.

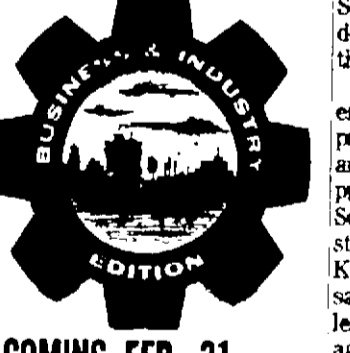

There is speculation of all kinds here as to what the Soviet
